MONTICOLA

1907

1967

Greeting

Alma Mater, while we're with thee oft oppressive thou dost seem;
But we know that in the future we will sometime sit and dream
Of the joyous golden spring days on thy campus, 'neath thy trees,
Where the "campus class" with song or cheer would load each passing
breeze.

Here's thy health, old Alma Mater; may thy glory grow forever!
May the world with its allurements win our hearts from thee ah
never!
May thy children and thy honors multiply until the day
That the broad Monongahela turns and flows the other way.

21040

The
Monticola

This Humble Volume Was to Have Been

Dedicated

to

POWELL BENTON REYNOLDS, D. D.

But

On Second Thought The Board of Editors

Deemed This Unwise,

So

It Was and is Hereby Respectfully

Dedicated

to

DEAR OLD "PETE" REYNOLDS

Respected for his wisdom, revered for his goodness

and loved by all in return for his love.

POWELL B. REYNOLDS, A. M., D. D.

Powell Benton Reynolds

Powell Benton Reynolds, D. D., was born in Patrick County, Virginia, on January 9, 1841. He is the son of James B. and Roxana Reynolds, both deceased. His early life was spent in the South and here in 1861 he enlisted in the Confederate army. At first he was in Company D, 5th Kentucky Infantry but he was afterward in Company K, 50th Virginia Infantry. He served faithfully during those few years of terrible struggle the cause of his native state. At the close of the war he was a prisoner of war at Point Lookout and was paroled April 9, 1865.

From 1865 to 1870 he was a student at Richmond College. From 1872 to 1884 he was President of Shelton College; from 1884 to 1885 he was President of Buckner College. In 1887 he received the degree of A. M. from West Virginia University, and in 1890 the degree of D. D. from Richmond College.

Since 1885 Dr. Reynolds has been intimately connected with the life of West Virginia University, having been Professor of English from 1885 until 1889, Professor of Metaphysics from 1889 to 1893, Acting President from 1893 until 1895, Professor of Metophysics and Political Science from 1897 to 1901 and Chaplain and Professor of Economics and Sociology since 1901.

When Doctor George Burman Foster of the University of Chicago dedicated his new book on "The Finalty of Christianity" "to Powell Benton Reynolds, my first great teacher" he, from his position of eminence and authority expressed a sentiment that is common among those who hold West Virginia University as their Alma Mater. The atmosphere of Dr. Reynold's class-room is intellectual in the highest sense and truly inspiring to "such as hear the truth with pleasure" as Josephus says.

On the compus, at the "fort," in the students' rooms everywhere Doctor Reynolds is spoken of with the sincerest

love and reverence of which a warm-hearted young West Virginian is capable.

The good he has done for the West Virginia University in his years of service here is great. The good he has done in shaping lives is incalculably greater; for matters pertaining to benefits to a human soul are too vast for our mortal estimates.

Our time as students in the University is short. We have more things to accomplish and our work is hurried. We will doubtless forget all the rules, formulas and dates that we now have on our tongues. We will forget many of our class-mates and Professors. But we who with sincere hearts have studied under Doctor Reynolds will never forget his wise precepts, his perfect example, his merciful grades, his ready smile and his genuine, always evident brotherly love.

Board of Regents

For the Term Beginning May 19, 1901.

C. E. Haworth.....Huntington

E. M. Grant.....Morgantown

D. C. Gallaher.....Charleston

L. J. Williams.....Lewisburg

T. P. Jacobs.....New Martinsville

For the Term Beginning May 9, 1903.

The University Council

Daniel Boardman Purinton, St. George Tucker Brooke,
James Madison Burns, Thomas Clark Atkeson,
Alfred Jarrett Hare, Alexander Reid Whitehill,
Waitman Barbe, Frederick Wilson Truscott,
Powell Benton Reynolds, Will Hazen Boughton,
Robert Allen Armstrong.

Faculty

DANIEL BOARDMAN PURINTON, Ph. D., LL. D., President and Professor of Philosophy. President's House.

A. B., West Virginia University, 1873; A. M., ibid., 1876; Ph. D., University of Nashville, 1892; LL. D., Denison University, 1889. Instructor Preparatory Department of West Virginia University, 1873-9; Professor of Logic, ibid., 1879-81; Professor of Mathematics, ibid., 1881-5; Professor of Metaphysics, ibid, 1885-9; Vice-President and Acting President, ibid, 1881-82. Instructor in Vocal Music, ibid., 1873-89; President Denison University, 1890-1901; present position since 1901. Author "Christian Theism," 1889.

POWELL BENTON REYNOLDS, A. M., D. D., Chaplain and Professor of Economics and Sociology.
87 Grant Avenue.

A.M., West Virginia University, 1887. D.D., Richmond College, 1890. Student, Richmond College, 1866-70. President Shelton College, 1872-84; President Buckner College, 1884-5; Professor of English, West Virginia University, 1855-9; Vice-President and Professor of Metaphysics, ibid., 1889-93; Acting President, ibid., 1893-5; Professor of Metaphysics and Political Science, ibid., 1895-7; Professor of Philosophy, 1897-1901; Acting President , 1901; present position since 1901.

ALEXANDER REID WHITEHILL, A. M., Ph. D., Professor of Chemistry. 107 High Street.

A.B., Princeton University, 1874; A. M., ibid., 1893-5; Ph. D., Washington and Jefferson College, 1887; Graduate student, University of Leipzig and Freiberg School of Mines, Germany, 1874-5; Professor of Experimental Science, University Mound College, 1876-81; Principal Linsly Institute, 1881-5; present position since 1885.

ST. GEORGE TUCKER BROOKE, A. M., LL. D., Acting Dean of the College of Law and Professor of Common and Statute Law.
128 Willey Street.

A.M., West Virginia University, 1889; LL. D., Wake Forest College, 1890. Student, University of Virginia Law School, 1867-9; member bar, Charles Town, W. Va., sine 1869; Professor of Common and Statute Law since 1878; present position since 1903.

ROBERT WILLIAM DOUTHAT, A. M., Ph. D., Professor of the Latin Language and Literature.
263 Fife Street.

A. M., Emory and Henry College, 1874; Ph. D., Roanoke College, 1877; Professor of Languages, Missouri University School of Mines and Metallurgy, 1873-84; President Collegiate Institute (New Mexico), 1884-7; President Collegiate Institute (Arkansas), 1887-9; Professor of Language, Kentucky Military Institute, 1889-90; President Barboursville College, 1890-5; Professor of Ancient Languages, West Virginia University, 1895-7; present position since 1897.

SAMUEL B. BROWN, A. B., A. M., Professor of Geology and Mineralogy. 640 High Street.

A.B., West Virginia University, 1883; A.M., ibid., 1886; Graduate student, National Museum, 1884; Harvard University, 1891; Teacher of Language and Mathematics, Martinsburg, W. Va., 1883-5; Principal Glenville State Normal School, 1885-90; Assistant in Geology, West Virginia University, 1890-2; present position since 1892.

THOMAS EDWARD HODGES, A. B., A. M., Professor of Physics.
466 High Street

A. B., West Virginia University, 1881; A. M., ibid., 1884; Principal Morgantown Public Schools, 1881-6; Principal and Instructor in Natural Science and Pedagogy, Marshall College State Normal School, 1886-96; Graduate student, Cornell University, Summer, 1897; present position since 1896.

FREDERICK LINCOLN EMORY, M. M. E., M. E., Professor of Mechanics and Applied Mathematics and Superintendent of Buildings and Grounds. 156 Foundry Street.

B. S., Worcester, Mass., Polytechnic Institute, 1887; M. M. E., Cornell University, 1896; M. E., Worcester Polytechnic Institute, 1899; Director Mechanical Department, Washington, D. C., High School, 1887-90; Superintendent Trades School, Concord Junction, Mass., 1890-1; Professor of Mechanical Engineering and Mechanic Arts, West Virginia University, 1891-3; Director, Indianapolis, Ind., Industrial Training and Technical High School, 1893-5; present position since 1897.

JAMES MADISON BURNS, Major U. S. Army, Professor of Military Science and Tactics and Commandant of Cadets. 22 Willey Street.

Graduate of Beaver Academy. Entered the Union Army in 1861. Served in the 1st and 2nd West Virginia Volunteers until the close of the war. Appointed 2nd Lieut., 17th U. S. Infantry, and served in that regiment until promoted Major in May, 1899. Professor of Military Science and Tactics and Commandant of Cadets, Ohio State University, 1899-1900; present position since 1900.

ALFRED JARRETT HARE, A. B., A. M. Professor of the Latin Language and Literature, and Principal of the Preparatory School. 411 High Street.

A. B., West Virginia University, 1889; A. M., ibid., 1902. Assistant in Latin and Mathematics, Preparatory School, West Virginia University, 1889-96; Preparatory Professor of Ancient Languages and Mathematics, ibid., 1896-8; Professor of Latin, 1898-1901; Graduate Student, Harvard University, 1901; present position since 1901.

CLEMENT ROSS JONES, B. S. C. E., M. M. E., Professor of Mechanical Engineering. 229 Kirk Alley.

B. S. C. E., West Virginia University, 1894; M. M. E., ibid., 1897; M. M. E., Cornell, 1900. Associate Principal, West Virginia College, 1894; Assistant in Mechanical Engineering, West Virginia University, 1895-97; Instructor, ibid., 1897-99; Assistant Professor of Mechanical Engineering, 1899-1901; Special Student in shop work, Worcester Polytechnic Institute, Summer, 1893; Special Student in Experimental Engineering, Stevens Institute of Technology, Summer, 1897; Member American Society of Mechanical Engineers; present position since 1901.

HENRY SHERWOOD GREEN, A. B., LL. D., Professor of the Greek Language and Literature. 670 High Street.

A. B., Yale University, 1879; LL. D., Bethany College, 1901. Teacher of Latin and Greek, Hillman Academy, Wilkesbarre Pa., 1879-1881; Principal, ibid., 1881-86; Teacher in Preparatory School, Richmond, Ky., 1889-1892; Acting Professor of Greek, Central University, Richmond, Ky., 1892-3; Principal of Harrodsburg Academy, Harrodsburg, Ky., 1893-96; Professor of the Greek Language and Literature, Bethany College, Bethany, W. Va., 1896-1900; Associate Professor of the Greek Language and Literature, West Virginia University, 1900-01; present position since 1901.

WILL HAZEN BOUGHTON, B. S. C. E., Professor of Civil Engineering. 669 Spruce Street.

B. S. (C. E.), University of Michigan, 1893; C. E., ibid., 1898; Assistant Engineer of Maintenance of Way for the C., C., C. & St. L. Ry. and Bridge and Structural Draughtsman for the American Bridge Company, the Brown Hoisting Machinery Company, and others; Instructor in Mathematics and Civil Engineering, Denison University, 1894-1902; Assistant Professor of Civil Engineering, ibid., 1902-03; present position since 1903.

---

*On leave of absence for one year; holder of the Smithsonian Institute seat at the Zoological Station, Bay of Naples.

RUSSELL LOVE MORRIS, B. S. C. E., C. E., Professor of Civil and Mining Engineering.

357 Front Street.

B. S. C. E., West Virginia University, 1895; C. E., ibid., 1898. Consulting Engineer, State Board of Agriculture; Assistant in Civil and Mining Engineering, West Virginia University, 1895-7; Assistant Professor Civil and Mining Engineering, 1897-1903; present position since 1903.

JAMES MORTON CALLAHAN, A. M., Ph. D., Professor of History and Political Science.

276 Walnut Street.

B. S., Southern Indiana Normal College, 1892; A. B., University of Indiana, 1894; A. M., ibid., 1895; Ph. D., Johns Hopkins University, 1897; Teacher in Southern Indiana Normal School, 1890-92; Assistant and Fellow, Johns Hopkins University, 1895-97; Acting Professor of American History and Constitutional Law, Hamilton College, 1897-98; Lecturer on Diplomatic History and International Relations, Johns Hopkins University, 1898-1901; Director, Bureau Historical Research, Washington, D. C., 1900-1902; Associate Professor of European History, 1902-03; present position since 1903.

JASPER NEWTON DEAHL, A. B., A. M. Professor of Education.

414 Park Street.

A. B., University of Nashville, 1889; A. B., Harvard University, 1893; Higher Diploma, Teachers' College, Columbia University, 1889; A. M., Columbia University, 1899; Fellow in Education, Teachers' College, Columbia University, 1899-1900; Principal West Liberty State Normal School, 1893-98; Assistant Professor of Education, 1901-02; Associate Professor of Education, 1902-03; present position since 1903.

ANTHONY WENCEL CHEZ, Director of Physical Training.
79 Grant Avenue.

Leader Y. M. C. A. Gymnasium, Indianapolis, 1892; Student, Mt. Hermon School (Mass.), 1892-96; Special student, Oberlin College, 1896-99; Graduate Chautauqua School of Physical Education, 1902; Graduate Harvard School of Physical Training, 1903; Graduate Coach, Oberlin College, 1899; Director Gymnasium and Athletic Coach, Wabash College, 1900-01; Professor of Physical Training and Athletic Coach, De Pauw University, 1901-02; Director Physical Curture and Athletic Coach, University of Cincinnati, 1902-04; present position since 1904.

ANDRE BEZIAT DE BORDES, Ph. D., Professor of Romance Languages and Literatures.
93 Logan Avenue.

Honorary Fellow, University of Chicago, 1898-99; Ph. D., University of Chicago, 1899; University of Paris (Sorbonne, France, Ecole des Chartes, Ecole des Hautes Etudes), 1901-1902; Professor of the French Language and Literature, Peninsular College of Gracia, Barcelona, Spain, 1891-92; Assistant in Modern Languages, Wesleyan College, Macon, Ga., 1895-96; Professor of Modern Languages, ibid., 1896-99; Professor of Romance languages, Kalamazoo College, 1899-1900; Lecturer in the Romance Languages and Literatures, Columbia University, 1900-01; Instructor in French, University of Michigan, 1902-03; present position since 1903.

JOHN NATHAN SIMPSON, A. B., M. D., Professor of Anatomy and Physiology. 293 High Street.

A. B., University of Nashville, 1893; M. D., Johns Hopkins University, 1902. First Assistant in Marshall College, 1893-7; Principal Huntington High School, 1897-8. Instructor in Anatomy and Physiology, 1902-03; Associate Professor, 1903-04; present position since 1904.

JOHN HARRINGTON COX, Ph. B., A. M., Professor of English Philology.
188 Spruce Street.

Graduate, Illinois State Normal University, 1891; Ph. B., Brown University, 1897; A. M., Harvard University, 1900. Educational Director, Twenty-Third Street Branch, Y. M. C. A., New York City, 1897-9; Graduate student, Harvard University, 1899-1901; Professor of the English Language and Literature, University of North Dakota, 1901-02; Instructor in English Philology, 1902-03; Associate Professor of English Philology, 1903-04; present position since 1904.

ROSS SPENCE, Director of the School of Music and Instructor on Stringed Instruments.
165 High Street.

Graduate University School of Music, Ann Arbor, Michigan, 1897; pupil of Emanuel Wirth, Berlin, 1897-1900; Member Boston Festival Orchestra, 1901; Instructor on Stringed Instruments, 1901-1904; present position since 1904.

WALTER LYNWOOD FLEMING, A. M., Ph. D., Professor of History.
258 McLane Avenue.

B. S., Alabama Polytechnic Institute (A. and M. College), 1896; M. S., ibid., 1897; M. A., Columbia University, 1901; Ph. D., ibid., 1904. Assistant in History, English and Mathematics, Alabama Polytechnic Institute, 1896-97; Librarian, ibid., 1897-98, 1899-1900; Instructor in History and English, ibid., 1899-1900; Fellow in American History, Columbia University, 1901-02; Lecturer in History, ibid., 1902-03; Associate Professor of History, 1903-04; present position since 1904.

FREDERICK LAWRENCE KORTRIGHT, B. S., D. Sc., Associate Professor of Chemistry.
234 Jackson Avenue.

B. S., Cornell University, 1890; D. Sc., ibid., 1895. Assistant in Chemistry, ibid., 1890-1; Chemist, Solvy Process Company, 1891-2; Assistant in Chemistry, Cornell University, 1892-3; Instructor in Chemistry, ibid., 1893-9; Graduate student, Polytechnicum, Switzerland, 1899-1900; and Technische Hochschule, Carlsruhe, Germany, 1900; Instructor in Chemistry, Cornell University, 1900; Assistant Professor of Chemistry, 1900-1902; present position since 1902.

WAITMAN BARBE, A. M., Litt. D., Assistant to the President and Associate Professor of the English Language and Literature.
258 High Street.

B. S., West Virginia University, 1884; M. S., ibid., 1887; A. M., 1897; Litt. D., Denison University, 1904. Regent, West Virginia State Normal Schools, 1895-1901; Field Agent, West Virginia University, 1895-8; Graduate student, Harvard University, 1900; present position since 1898.

EDWIN MAXEY, D. C. LL. D., Associate Professor of Law.
59 Jones Avenue.

Ph. B., Bucknell University, 1893; LL. B., Chicago Law School, 1897; LL. M., ibid., 1897; D. C. L., Illinois College of Law, 1898; Ph. M., the University of Chicago, 1899; LL. D., Illinois College of Law, 1901; M. Dip., Columbian University, 1903. President of Palatinate College, 1893-94; Lecturer on Constitutional and International Law, Illinois College of Law, 1896-99; Dean of Aurora Law School, 1898-1900; Dean of Law Department of Southern University, 1900-1901; Teaching Fellow in Jurisprudence and Constitutional Law, University of Wisconsin, 1901-02; Lecturer on Colonial Law and Government, Columbian University, 1902-03; present position since 1903.

EDMUND NEIL, A. B., Associate Professor of Elocution and Oratory.
373 Spruce Street.

A. B., McKendree University, 1895; A. B., Ohio Wesleyan University, 1897; private pupil of Leland T. Powers, 1895-98 (Summers). Instructor in Elocution, Ohio Wesleyan University, 1895-6; Assistant Professor of Oratory, Ohio Wesleyan School of Oratory, 1896-7; Professor of Elocution, Denison University, 1897-8; Impersonator under the management of the Central Lyceum Bureau since 1898; Professor of Oratory and Elocution, Denison University, 1901-03; Assistant Professor of Elocution, 1903-04; present position since 1904.

DENNIS MARTIN WILLIS, LL. B., Principal of the Commercial School.
South Park.

LL. B., West Virginia University; Instructor Methodist Conference Seminary, Buckhannon, 1891-2; Instructor, West Virginia Business College, 1892-3; Instructor, Northwestern Academy, Clarksburg, 1893-4; Instructor, Central Commercial College, Cumberland, Md., 1894-5; Principal, Western College of Commerce, 1895; present position since 1895.

JUSTIN FRANK GRANT, Ph. B., M. D., Assistant Professor of Anatomy.
669 Spruce Street.

Ph. B., Yale University, 1898; M. D., Johns Hopkins University, 1903. Resident Physician and Surgeon, Hahnemann Hospital, Rochester, N. Y., 1900- 1901; Instructor in Anatomy, 1903-04; present position since 1904.

LIBRARY
WEST VIRGINIA UNIVERSITY

GRACE MARTIN SNEE, B. M., Instructor on the Piano and Pipe Organ.
422 High Street.

Graduate, Virginia College for Young Ladies, 1893; B. M., ibid., 1894. Instructor in Piano Department, ibid., 1893-4; graduate student, Peabody Institute, Baltimore 1895-6; Assistant on the Piano, West Virginia University, 1897-1901; present position since 1901.

EVA EMMA HUBBARD, Instructor in Drawing and Painting.
Spruce Street.

Graduate, Morgantown Female Seminary, 1876. Student in Mrs. I. P. Wilkinson's studio, Wheeling, 1881-2; Instructor in Drawing and Painting, Wheeling Female College, 1883-4; Student in Carl Hecker Art School, New York City, 1884-5; Instructor in Fine Arts, Mountain Lake Park Summer Chautauqua, 1885-8; private studio, Wheeling, 1881-2; Instructor in Drawing and Painting, Wheeling Female Hart's School for Young Ladies, 1894-7; present position since 1897.

ALEXANDER STEWART THOMPSON,
Instructor in Voice. South Park.

THOMAS HOWARD CATHER, Foreman of the Machine Shop.
487 Spruce Street.

Apprentice B. & O. R. R. Machine Shop at Grafton, 1887-91; machinist, B. M. R. R. Co. and Union Pacific R. R., 1891-93; C. R. I. & P. R. R. Co., Horton, Kans., 1893-95; Cotton Belt R. R., Pine Bluff, Ark., 1895-97; Navy Yard, Washington, D. C., 1898; Foreman B. & O. Erecting Shop, Grafton, W. Va., 1899-1902; present position since 1902.

JOHN B. GRUMBEIN, Foreman of the Wood Shop. 491 Front Street.

Graduate, Lebanon High School, Lebanon, Pa., 1894; Apprentice, Orr, Painter & Co., Reading, Pa., 1895-8; Pattern Maker, Harrisburg Foundry & Machine Co., 1898-9; same, Robert Wetherel & Co., Chester, Pa., 1899; same, Ingersoll-Sergeant Drill Co., Easton, Pa., 1899-1900; Foreman of Pattern Shop, Blairsdell Mach'y Co., Bradford, Pa., 1900-03; present position since 1903.

BERTHA CLELAND BROWNING, A. B., A. M., Assistant in the Preparatory School. 68 Beverly Avenue.

A. B., West Virginia University, 1900; A. M., ibid., 1902; present position since 1901.

WILLIAM MICHAEL BAUMGARTNER, A. B., Instructor in German.

A. B. West Virginia University, 1903; Instructor in German and French W. V. Preparatory School Keyser, 1903-5; Student in Berlin Summer, 1905.

THOMAS CLARK ATKESON, M. S., Ph. D., Dean of the College of Agriculture and Professor of Agriculture.
234 Prospect Street.

LL. B., Kentucky University, 1874; Ph. B., Central Normal College, 1891; Ph. D., ibid., 1893; M. S., Barbourville College, 1900; Student, Kentucky A. & M. College, 1874-6; Member of the West Virginia State Board of Agriculture and Farmers' Institute Lecturer, since 1891; Professor of Agriculture, W. Va. University, 1891-3; President Barbourville College, 1896-7; Regent, W. Va. University, 1897; present position since 1897.

JOHN LEWIS SHELDON, A. M., Ph. D., Professor of Bacteriology and Bacteriologist of the West Virginia Agricultural Experiment Station. 413 Park Street.

B. Pd., B. Sc., Ohio Normal University, 1895; B. Sc., University of Nebraska, 1899; M. S., University of Nebraska, 1901; Ph. D., ibid., 1903. Instructor in Mathematics, Mount Hermon (Mass.) School, 1892-94; Instructor in Botany, Preparatory School to the State University (Nebraska), 1898-9; Acting Head of the Department of Biology, Nebraska State Normal School, 1898-1900; instructor in Botany, University of Nebraska, 1900-1903; Fellow in Botany, ibid., 1900-1903; present position since 1903.

W. E. DICKENSON, Instructor in Electrical Engineering.

WILLIAM P. WILLEY, A. B., A. M., Professor of Equity, Jurisprudence, and Commercial Law. 250 Pleasant Street.

A. B., Dickinson College, 1862, A. M., ibid., 1865; member bar, Morgantown, W. Va., and Baltimore, Md., 1866-78; present position since 1883.

BERT HOLMES HITE, M. S., Professor of Agricultural Chemistry, Vice Director and Chemist of the West Virginia Agricultural Experiment Station. 547 Front Street.

M. S., West Virginia University, 1890. Graduate student, Johns Hopkins University, 1891-5; Fellow in Chemistry, ibid., 1893-5; Chemist of West Virginia Agricultural Experiment Station since 1895; Professor of Organic Chemistry, West Virginia University, 1895-7; present position since 1897; Chief Chemist of the Geological and Economic Survey of West Virginia.

***JOHN BLACK JOHNSTON, Ph. B., Ph. D.,** Professor of Zoology. 16 Franklin Avenue.

Ph. B., University of Michigan, 1893; Ph. D., ibid., 1899; Assistant in Zoology, ibid., 1893-7; Instructor in Zoology, ibid. 1897-9; Assistant Professor of Zoology, West Virginia University, 1899-1900; present position since 1900.

FREDERICK WILSON TRUSCOTT, A. M., Ph. D., Professor of Germanic Languages and Literatures. 66 Beverly Avenue.

A. B., Indiana University, 1891; A. M., ibid., 1892; A. M., Harvard University, 1894; Ph. D., ibid., 1896; Instructor in German, Indiana University, 1891-3; Assistant and Fellow in German, Harvard University, 1893-4; Graduate student of University of Berlin, 1896-8; 1900-1901; Assistant Professor of Germanic Languages and Literatures, West Virginia University, 1897-9; present position since 1899.

JAMES SCOTT STEWART, B. S., M. S. Professor of Mathematics. 146 Willey Street.

B. S., West Virginia University, 1877; M. S., ibid., 1880; Assistant in Preparatory School, West Virginia University, 1877-91; Professor of Mathematics, ibid, 1891-3; Superintendent of Schools, Fairmont, W. Va., 1893-4; present position since 1894.

ROBERT ALLEN ARMSTRONG, A. B., A. M., Professor of English Language and Literature and Head of the Department of English. 107 High Street.

A. B., West Virginia University, 1886; A. M., ibid, 1889; A. M., Harvard University, 1903; Principal West Liberty State Normal School, 1886-93; Professor of Mathematics, West Virginia University, 1893-4; Gradnate student, University of Chicago, Summer, 1898; Professor of English, West Virginia University, 1894-1901; Vice-President, ibid., 1897-9; Student, Columbian University, 1900; present position since 1901.

CHARLES HENRY PATTERSON, A. B., A. M., Professor of Rhetoric. Grand Avenue, South Park.

A. B., Tufts College, 1887; A. M., ibid., 1893. Assistant Professor of Rhetoric and Elocution, West Virginia University, 1898-9; Professor of Rhetoric and Elocution, 1899; present position since 1903.

SUSAN MAXWELL MOORE, Dean of Women and Instructor on the Piano. 52 University Driveway.

Student in Peaby Institute, Baltimore, Md., 1878-79; Teacher in Morgantown, W. Va., 1879-85; Student in New England Conservatory, Boston, Mass., (Piano, Carl. Faelten. Organ, Geo. E. Whiting), 1885-87; Teacher of Piano, Mount Holyoke College, Mass., 1887-91; Student in Berlin (Piano Oscar Ralf), 1891-92; Teacher of Piano, Conservatory of Music, Ottumwa, Iowa, 1892-93; Head of Piano Department of Shepardson College and Denison University, Granville, Ohio, 1893-1903; Summer Course under Carl Faelten, Boston, Mass., 1898, and in Faelten Piano School, Summer of 1901; present position since 1903.

WILLIAM JACKSON LEONARD, Associate Professor and Head of the Department of Fine Arts. 107 High Street.

EDWIN FAYETTE CHURCH, Jr., B. S., Assistant Professor of Mechanical Engineering. 288 Grand Street.

B. S., Massachusetts Institute of Technology, 1901. Draftsman and Assistant to Engineer, William Cramp & Sons., Philadelphia, 1901-1903. Draftsman, I. P. Morris Co., Philadelphia, 1903. Instructor in Marine and Mechanical Engineering and Naval Architecture, Lehigh University, 1903-1904. Associate Member of American Society of Naval Engineers and of Society of Naval Architects and Marine Engineers. Present position since 1904.

CHARLES COLLIER HOLDEN, A. B., Instructor in Romance Languages. 468 High Street.

Student of University of Virginia, 1877-81; travel and study in Europe, 1881-83; Instructor in Modern Languages, Maupin's University School, Ellicott City, Maryland, 1855-88; A. B. (extra ordinem), Johns Hopkins University, 1888; Gradnate student, ibid., 1896-8; Principal of Private School, Raleigh, N. C., 1889-94; Principal of Elkton, Maryland, Academy, 1896-99; Instructor in Modern Languages, Boys' University School of Baltimore, 1899-1900; Assistant in Romance Langnages, 1901-3; present position since 1903.

RUDOLF WERTIME, Instructor on the Piano. 457 High Street.

Pupil in the Royal High School of Music, Berlin, 1894-1898, where for four years his instructors were Professors Raif, Bargiel, Wolff and Von Herzogenberg; Teacher in the Clinton Liberal Institute, New York, 1898-1900; Post Gradnate work with the Conrad Ansorge, Berlin, 1900-1901; present position since 1903.

WILLIAM HENRY WHITHAM, B. S., A. M., Assistant in Physics and Geology. 92 Beverly Avenue.

B. S., West Virginia University, 1899; A. M., ibid., 1900; A. M., Cornell University, 1901; Gradnate student, Cornell University, 1903-04; Fellow in Physics West Virginia University, 1899-1900; present position since 1901.

JAMES A. WAUGH, V. S., Instructor in Veterinary Science.

ARTHUR LEE POST, A. B., Assistant in Bacteriology in the University and the Agricultural Experiment Station.

87 Grant Avenue.

A. B., West Virginia University, 1898; Fellow in Chemistry, ibid., 1898-99; Teacher of Science, West Virginia Wesleyan University, 1899-1901; Student in the Medical Department of Johns Hopkins University, 1901-03; Student in Bacteriology, University of Chicago, Summer, 1904; Graduate student, West Virginia University, 1904; present position since 1904.

PAULINE G. WIGGIN, B. L. S., A. M., Librarian.

125 Foundry Street.

A. M., Radcliffe College, 1895; B. L. S., New York State Library School, 1902. Instructor in English, Vassar College, 1895-97; Instructor in English, Wellesley College, 1897-99; Assistant in charge of History Division, New York State Library, 1901-02; present position since 1902.

JESSICA GARDINER CONE, Assistant Librarian and Cataloguer.

148 High Street.

Vassar College, 1879-80; New York State Library School diploma, 1897. Library organizer and cataloguer, 1897-1904; present position since 1904.

MARGARET CLARK SMITH, A. B., Assistant Librarian.

107 High Street.

A. B., Wilson College, 1902; Graduate, Drexel Institute Library School, 1903; Instructor in English and Mathematics in Martin's Ferry, Ohio, High School, 1904; present position since 1904.

SENIOR CLASS HISTORY

NATURALISTS are wont to trace back a species and state in definite terms that this thing comes from such and such a class. Following the plan of scientists efforts have been made to find the primary form from which the class of 1906 came; but all investigations have proved fruitless and it is now conceded that no dictum can be stated concerning the origin of the senior class. Some of its members have come up from that great mass of ignorance known as the "Prep" Department of the University.

Other members are from the various preparatory schools of West Virginia. A few, Venus-like have sprung from misty places into their present exalted state as seniors.

The nativity of part of the class may be compared to the land from which King Arthur came; no one is able to say anything about it. The largest division of the class is comprised of those who like Topsy—seem to have "Jest growed up". The life of each member of the class might be taken up and given in detail but such work would encroach upon the province of the future historian. Consequently I prefer to let the public read the biography of each member as it comes from one or another of the great publishing houses. After all the origin of the class is a matter of secondary importance. The central truth to be noted is that a great combination of wit, knowledge, youth and beauty has been brought together—such as is seen but once in a century.

The first query about any organization is "What can it do?" So mighty are the achievements of the senior class that the people have changed their question and say "What is it that it cannot do?" At the present date no one has been found able to answer this query. Furthermore, it is confidently asserted by men of broad learning that no one will ever be able to answer it. Some things that the class have already done may be enumerated to show wherein this class excels others.

The harmony in the class has been one of its notable features. Not that it lacked men who insisted that they must have an office; but the spirit of these men was different from that of the ordinary office-seeked. While most men want office for honor, these men have shown the true spirit and have sought office with a view to serving their class! The class has shown the proper spirit toward these philanthropists by giving them an office when it could possibly do so. If, at one election there were not offices for all sacrificing men a record was kept of the names of those who had not been rewarded and at the next election they were given a chance to show their loyalty to the class by serving it.

When this class was a junior its piety was the admiration of all the city ministers and class leaders. It is

said that even a few members of the faculty took note of its uprightness. When the question of giving a "Prom" to the class of 1905 arose the members of the class of 1906 held their hands in pious honor and said "We will not dance". Since the disposal of the "Prom" question our moral serenity has been disturbed but once and that was caused, as might be expected, by the unregenerate juniors. From their frivolous hearts they evolved the idea of a dance and sent a message to the seniors saying "Come and be merry with us." Upon hearing these words the hearts of the seniors grew heavy for they knew that the juniors had not followed in the way that had been marked out for them by those who are far wiser than they will ever be.

Such wonderful reports are abroad concerning the learning, wisdom and uprightness of the Seniors that the Juniors went to the President and said "When shall we become as wise and famous as the Seniors?"

"Alas," the president answered, "you will never be as great as the class of 1906. The Bible says that one star differs from another star in glory and you are stars of less magnitude than they." Sadly the Juniors departed realizing that the President had spoken the truth.

About the future of this class not much need be said. Places of honor and renumeration are already opening up to its members. There is no vocation in life which cannot be filled by some man or woman from the class of 1906. No difference whether it be churning, teaching school, or building a railroad, the Senior class can furnish some one well qualified to do the work.

There ought to be no discussion as to what part of the next world this class will occupy. It is conceded that this class will journey to the Isles of the Blest when it leaves this world. But should any of its members be consigned temporarily to Hades as moral flunkers and left to make up their back work before being permitted to join their classmates, who knows but that they may also be required to improve some of their college grades? Would it be out of harmony to have classes in Anglo-Saxon and Calculus in Hades? Assuredly not! Furthermore it is confidently expected that in the nether world there will be no lack of teachers to take charge of classes in these two subjects. But it is idle to speculate further about the future of this class. Our mantle will soon fall upon the shoulders of a class that will scarcely be able to bear it but we can only hope for the best. We go forth realizing that the past has its lessons, the present its duties, and the future its hopes.

Sis-s-s!—Boom! Cuckoo! Juniors! ! !

J. C. BERRY.

When other folks get to boasting of their literary acquaintances we always point with pride to Jack Berry, '07's particular literary light. Berry is not so very tall but when the gray matter under his auburn locks (no, they are not red) begins to rustle around you may be sure a real piece of literature is the result. Under his leadership the Athenaeum has maintained its high standard and the editorials this year in its columns have been great. We understand that when he graduates he is going to found a great National magazine. If he does '07 will subscribe in a body.

GOHEN ARNOLD.

Arnold is, as Jonas Chuzzlewit would say, "a deep 'un." He does not say much—whether he is thinking deeply or not thinking at all is a matter of conjecture. But with co-eds Arnold is certainly at home. Rumor has it that in the course of time Arnold will set up as a Lawyer. We hope that his riches and honors will increase as he deserves; nay more or he might starve to death.

WILLIAM GARNETT BAYLISS.

Gap Bayliss, as he is known in the wilds of Fayette County was born in Richmond, Virginia; but the authorities of that state knew that by nature he was more adapted to West Virginia. So they exiled him to the wilds of Loup Creek. The residents of that section thought that he was not suited to dodge the bullets that flew around every pay day. They sent him to various reformatories throughout the state such as Athens Normal, and Marshall College. But he found that these places were too small and confined for his great talents and so came to Morgantown.

ARTHUR K. BRAKE,

Mr. Brake is a physieal, intelleetual and social giant. Physically, he is very strong, for, while in Wheeling on the foot-ball trip last November, he nearly brushed Senator Scott over in the doorway of the MeClure House elevator. Intelleetually, he is a wonder, for he once graduated from the W. U. W. V., which he still regards as being a little ahead of our own University. Besides, he has had at least three "rows" with his professors in the last six weeks, because they did not understand their subjeets as well as he did. Socially, he is "great"; he has been advertising for a girl in the eolumns of the W U. W. V. Pharos. However, as to his morals, the least said the better.

FRANK MORRIS BOYLES,

Frank Morris Boyles walked in upon us some years ago and took his plaee immediately among those accounted wise —by themselves He may be seen walking about the compus almost any morning, usually with one or more eo-eds. If Frank would just "look interested," throw baek his shoulders and "wake up," he would be a good-looking ehap. He is going to be a chemist they say and his success is pretty well assured.

EVALYN SAGE BURNS.

The star of success shines upon her college eourse. She is popular. Hence she is a leader wherever she happens to be. Miss Burns does not study all of the time but when her work does not satisfy a professor, she just uses her smile a little more and—she passes. In the social part of university life she is snpreme. Bearing her honors gracefully, being well posted on athletics of all kind and using her smile impartially this willy junior is one of the many of whom we speak with great pride. One thing puzzles us all coneerning her—whether or not she is or ever has been the prey of Cupid. Babb, Romine, Price and Moore made us think so, each in turn. Nelse is trying also but—we don't know.

LA VEGA WASHINGTON BURNS.

La Vega Washington Burns has been in the University for many Spring Terms. The fact that we have seldom seen him except in Springtime "when a young man's fancy lightly turns, etc," may lead us to err when we say that La Viga is a great ladies' man. He can say more sweet things in a moment than an ordinary fellow can think of in an hour. Still the girls all take it rather good-naturedly. It is remarkable what respect there is in W. V. U. for the aged.

GEORGE W. COFFIELD.

Allow us to introduce to you Mr. George Coffield. George is a splendid specimen of an all round man, but his modesty keeps him from being publicly known. He fears to take part in athletics, lest he may be accused of trying to win the admiration of co-eds. He hesitates to make high class standing, for fear of being called a grind. He attends church only occasionally, that he may not be said to make pretensions of seeming good. Yet if this modesty ever leaves George, there'll be hard times keeping a good man down.

JAMES M. CALLISON.

This is the picture of Sunny Jim, who is found at the fort table the greater part of his time. He hails from the wilds of Nicholas County, and came into our midst in the early nineties. Jim is exceedingly frivolous, especially about young ladies. Some years ago he talked continuously of his fair-haired angel of Fairmont. But all his talk ceased, when she came to the University a few months later. As in this, so in all other cases, we are sorry to say, Jim has never made any very near approaches to the society of the fair sex. As the president of our class, James is loved by all, for he is intensely human, nothing divine.

OTIS COLE.

Otis Cole is best known in his base-ball uniform. He is an athlete from start to finish, and is seldom seen about the University in any other capacity. In plain, everyday clothes he is a week-looking little fellow who looks like he was in danger of collapse from too much studying. But when he takes his stand in center-field there is a murderous look in his eye which bodes no good for the batter who knocks a high-fly to outfield. When athletics are at a low ebb he works a little towards his degree of B. S. C. E

ARTHUR SPENCER DAYTON.

Arthur Spencer Dayton is one of the Antedeluvians. He has been here many years and is quite a valuable man from the fact that he is personally acquainted with much of the history of our University. His pink cheeks and winning ways soon won for Artie a place in the hearts of the co-eds, and until the last year or so he retained this place. Lately, however, he seems to have "lost out" somewhat. A characteristic thing in Artie is his confidential way with his acquaintances. He will approach, beckon to you mysteriously, lead you to some secluded spot and then ask in a whisper if you have a match about you.

WILLIAM BRUCE COFFROTH.

We did not know much about William Bruce Coffroth when the time came to tell of him as one of the Great Class. We asked a friend of his about Coffroth. The friend said, "I'll tell you; Bill is the kind of a fellow who slouches about minding his own business and looking like he did not know much; but he fools you when you know him better. He's all there." So we have decided to put this friends statement in. You can take it for what it is worth.

FRANCIS CARLTON COLCORD.

(See "Edward Clark Colcord" write-up.)

EDWARD CLARK COLCORD, JR.

Now here is a man! Diogenes would have considered his search at an end if he had met Ed Colcord. He eschews all evil and many, many good things including pipes and Co-eds. He speaks only after mature deliberation and his word has weight. When, in his capacity as a Cadet officer he yells, "Attention"! ye little Freshman "rat" trembles so that his old Springfield rattles like a junk-cart. He always has his lessons; hence he never flunks; he avoids the Co-ed, hence, he is always happy and never "dead-broke."

ROBERT M. DRANE.

Robert Drane is not very different from any other tall, lazy man excepting his original swagger. He does not walk when he wishes to change localities; he just rolls and twists and falls through the atmopshere, the rest of his body dragging his unwilling feet along. You can always find him when you want him by the cloud of smoke about his head. It is rumored that he is studying law, but his friends have when asked indignantly denied the charge.

MARY DOROTHY EDWARDS.

This fair Galatea of Pygmalion fame has undergone her last "Fall" term. Differing in the one respect from the beautiful Grecian Galatea, who stepping from her pedestal, into being, broke the heart of Pygmalion, this living resemblance stepping from her pedestal, the curbing near Science Hall, fell and broke the ligaments, her dainty ankle. Pygmalion did not have "fairy-like creatures" (2) to soothe his wounded heart as did the wounded ankle which was soon coaxed back to strength.

MARGARET VIRGINIA FOULK.

One of our great Poets has said "Here is to the Ladies, They need no eulogy; they speak for themselves; but this quiet little creature with demurely drooping eyelids will need one thousand voices to shout her praise.

Miss Foulk strolled into Morgantown in the fall of 1904 and since that time has been quite active in all lines, even in athletics. Although coming from the East she soon developed a liking for the Sunny "South" and likewise a liking for poetry, which she generally dedicates to her many men friends.

HOWARD MARK ERNST.

Unto us a child was born. And they called his name Howard Mark Ernst. And the child grew and waxed strong and was fair to look upon. And it came to pass that he journeyed afar into Kentucky to Berea College. And the Professors opened their mouths and taugh him all the occult sciences of that land. And he said unto himself, I will arise and go to West Virginia University for there abounds much Foot Ball and great wisdom. And when he had won renown on the gridiron and as manager of the Basket Ball Team Sport Morris opened his mouth and spake unto him saying, "A straight line is the shortest distance between two points."

PAGE FORTNEY.

Genial, polite, well acquainted with the line where his business leaves off and yours begins and rigidly respectful to that line—this is Page Fortney. Page studies nineteen hours out of the day and smokes the greater part of the remainder. As a student he ranks high. Page knows a woman's heart and consequently avoids all womankind. With these qualifications we feel assured of his ultimate success in his life work—Civil-Engineering.

THOMAS BOND FOULK.

Thomas Bond Foulk is the very erect Cadet Sergeant. He is not large in stature but has a great deep bass voice, a heavy frown and a ponderous step. He is always in a great hurry. Tom had a serious love affair last year and he has never appeared as cheerful since its sad ending. Business and business alone is now his sole thought and he expects to be a Civil Engineer.

ROBERT GATHERUM.

Robert Gatherum is another one of those retiring kind of personages. A classmate when questioned about him said, "Yes, Gatherum is a man with few opinions of his own; but when he does get an idea, Lord man, he is like a hen that has just laid an egg! He wants every one to know all about it." Gatherum takes his school-work entirely too seriously. He shows many signs of being an old bachelor in the near future, however, this will give him more opportunity of being one of the great Civil Engineers of the future.

ETHEL GREENE.

This soldier of the Tenth Legion has for seven long years followed the Roman eagles from victory to victory with the steady, even step of a grenadier. Whether in the "awkward squad" putting to flight Greek verbs and parallelopipedons or in the imperial guard assaulting the last escarpment of the fortress, the same splendid discipline has characterized the behavior in each phase of the whole campaign. No counter marching, no retreat. To each command, yes. Replying to each defeat with a smile born of infinite hope. Beloved equally by the highest official in the general staff and by every private in the ranks.

STEPHEN GOODLOE JACKSON.

Stephen Goodloe Jackson claims Jane Lew as his birthplace, and is proud of it. He is patriotic and declares that his home town grows more like London every day. He has a shy, bashful manner which relieves timid maidens of any fear at his approach. However, behind his smooth manner is hidden a reserve force which sometimes causes him to do unexpected things. He has held numerous offices, having once been president of his class.

JESSIE JENKINS.

Montrose, Pa., claims this young sage. From childhood she has been a wonder, having translated the first book of Caesar at the age of three. She entered the West Virginia University in the fall of 1904, and it is said, that she was very much disappointed because the University did not offer more courses. She immediately enrolled for all the work the curriculum offered, and sighed for more work to do. Her examinations are mere pastime and require only a moments notice. She once gave a toast at a banquet that had to be studied word by work and carefully translated, so great was the learning therein.

JAMES KUNKLE.

Kunkle is a peculiar kind of genius. Some one said the other day, "Kunkle is a man who whittled himself out with his own jack-knife and is very well pleased with the accomplishment." Owing to his extreme self-consciousness he does not appear much in public but attends strictly to the directions of the Professors as to long hard hours of study. He has, we feel sure, hidden qualities which will sometime raise him high in his chosen profession.

A. D. KENNAMOND.

It is said that this embodiment of intelligence read Sanscrit at the age of six, and spoke Greek and Latin from the beginning. In other words, this peculiar speciment of humanity never had any youth. When he first came to the University his friends thought that he would become a diligent student, but he has turned a sport of the first water. He is particularly noted for his bluffing, and his professors especially fall a victim to this intrigue. Every body likes Kennamond because he has such a pleasing look, and walks like his grandfather; so easy like.

LAURA LEWIS.

The Great Class is proud of Miss Louis. She is tall, stately and very dignified. Her proclivities for studying are very marked. Hour after hour when most students are wasting their time in idleness, she is pouring over ponderous volumes in the library and fitting herself to be a Frances E. Willard or a Carrie Chapman Cott. It is to be hoped that the little fellow with the bow and quiver of arrows will not direct his darts in her direction because the world needs the contributions to Literature which she is capable of giving.

THOMAS LEAHY.

Der Captain.—Vot? Der man vot never smiles mit himself just once, but kicks der pig skin up der fryin-pan already. He was er mighty man, aint it? Und he vill blay agin next year und vill Captain der Foot-ball Team, **Dod Gast It!**

PAUL H. MARTIN.

"Petie" Martin with a girl does not make much of a stir; nor has "Petie" ever done very much in the French plays in which he tried to shine; but put him in foot-ball togs, give him the ball just as the "rooters" give a mighty Rah, rah, ru! and then something's doin' sure! Paul is a fine athlete; but a little bit of a girl can just make a monkey of him. If some one just tells him sometime that life is a game of foot-ball he certainly will make a touch down.

J. FRANK MARSH.

This speciment of human lore is of prehistoric interest. He has always existed, so far as any body knows. As an early pioneer of education in Ritchie County his work has been "marvelous". He sojourned for many years at Buckhannon, housed in the archives of greatest learning. He came forth from that institution with a diploma, and all the knowledge that could be gathered thereabouts. It is said to this day that there is a dearth of learning in that school on account of his monopolistic control of knowledge while there. He is particularly noted for his good looks, sporty ways.

PERRY WADE McMILLEN.

Once upon a time a little boy named Perry got his face washed and trotted away to school. He grew in wisdom to such an extent that before a great many years he was able to enter West Virginia University. There he won immediate renown as a cadet and from the fact that he belonged to the great '07 Class. Perry is not remarkable for his comeliness but along all other lines he is considered A 1.

JOHN WILLIAM MASON.

Bill Mason is a chemist, kodak-fiend and punster. He is also an authority and connoisseur on jokes. Jokes? He revels in them and when he comes up and says, "Say! I've got a new one!" we always stop and listen eagerly because Bill knows how to tell one. Lately he has been rather sober-looking and he often sighs pensively. We are in doubt as to whether it is Cupid or indigestion or both. When Bill grows up we expect him to make his mark in the world.

JOHN DANA McNUTT.

John Dana McNutt looks so glum and reserved, as a usual thing, that strangers usually consider him a hard nut to crack. And, indeed, although when you know him, apparent taciturnity gives place to real pleasantness, he is never cracked, so to speak. His sound common sense is written all over his face. He has nick-names galore, but they don't seem to bother him at all. Engineering is his aim in life.

EARL DILWORTH MASON.

Earl Dilworth Mason was born in Alleghany, Pa., in the early "eighties." The avidity and industry with which he applied himself to every thing he undertook, won for him the cognomen of "Energy" a title so eminently befitting the man that it still lingers with him. Mr. Mason's early education was of a superficial nature, for he would always employ the time allotted for study, to drawing pictures or playing ball with the neighbor boys,—vocations of which he is still very fond. In 1903 this slumbering genius came to West Virginia University to play "Base-ball," "Basket-ball", and erstwhile taking one or two course of study in the Varsity for recreation.

CLIFFORD MYRES.

Not much is known of Clifford's early history. When first seen in Morgantown he was crossing the campus toward science hall, walking as stealthily as a cat. His bearing is much like that of a hunter, sly and cunning. Clifford has much musical ability, and when he renders with consummate artistic skill the charming symphonies of the masters, the effect is much like that produced by Orpheus of old. As an athlete, he has won much fame. On numerous occasions, he has charmed large audiences by a most dextrious rendition of difficult acrobatic "stunts."

NELLIE MORRIS.

You have a chance here to look at a picture of one of the quickest and brightest girls in the Junior class. Miss Morris will be remembered for years to come for her happy disposition. She never has the "blues". If you want to know about the musicals "ask Nell". She prides herself on her ability to sing. She can warble like a bird. Some day we hope to read of her as being one of the world's leading vocalists.

CLARENCE POST.

"Post no bills on this Post to advertise any matrimonial scheme whatsoever," is the warning of this dignified, curly headed, dimpled chin Junior, to the Co-eds of W. V. U. "It might have been," is his only retort to their smiling faces and winsome ways. As a student, he is a grind, but as a sport, he is unexcelled. Versed in all the mathematical knowledge of the ancient Egyptians, he dashes through Calculus and other Prep. mathematics, like a trout through a mountain pool. After imbibing all the knowledge at Fairmont Normal, he came to the University and is now trying to get a corner on Physics under "Tommy".

WILFRED ARMSTRONG MORRIS.

"Wilfred Armstrong Morris" he was christened, but since his days of prepdom he has been known chiefly by the title, "Sport." He is a Pennsylvanian, from the home of the Connellsville coke. After many weary terms of mathematics and geology he has managed to reach dignity in the shape of membership in the Junior Engineering Class. It has been whispered that he is fond of girls in general, and would go to Helen ——— in particular. He is long, lean and lanky.

MARY LYON PURINTON.

Mary Lyon Purinton is a poetess of whom we are all proud. She has a soft low voice, a soulful glance and the ability to see three yards of poetry in a broken grassblade. Strange to relate, she is an ardent student of Biology and in the Zoology class she dissects Rana Herculeus (bull frog) with as much nerve as Doctor Johnson. Report has it that the little fellow with the bow and arrows has done great execution in her heart and if this be true belles-lettres and science has lost much.

HOWARD QUICK.

Howard Quick came to West Virginia University from Marietta College. He come with the avowed intention of studying law, but no sooner had he arrived in Morgantown than he began making out his programe for the military ball. After the ball had passed by he began to show signs of genius along other lines also. As a pianist he has made his mark. Those who know him well have great hopes that he will become a great jurist eventually; but those who know him best say that he will "marry rich" and be somebody's husband."

CHESNEY MACAULAY RAMAGE.

Once there lived, in the quiet town of West Milford, a man named Ramage. Unto him, some twenty years ago, a son was born. Father Ramage called in the wise men of the town and inquired of them diligently what name would be most appropriate for his son. "Chesney Maculay," answered they. Father Ramage replied, "Yea, verily, be it so". Chesney was a very precocious child and, 'tis said, he devoured eagerly the works of his illustrious namesake before he had passed his second summer. Chesney is dignified and reserved, attends church regularly, and takes an especial interest in "Co-eds."

EDNA RIGHTMIRE.

Edna Rightmire was born in Grafton West Virginia, an uncertain number of years ago. She is famous for her wit and good humor. Her college career has been a very checkered one at first she determined to devote her life to the study of science and make her major study Chemistry, but after much persuasion she was prevailed upon to enroll in the English department. It is to be deeply regretted by future generations that her famous "Treatise on Flying Lizardo" has been lost.

MARSHALL WORMLEY RUST.

Marshall Wormley Rust is, using a metaphor which engineering students will understand, a slow motion eccentric. On looking at him one is reminded of the saying, "Laziness, have I ever offended thee?" the answer being emphatically negative in the case of Rust. Rust came here from Charles Town and was a "Special" for some years but finally got into the Engineering College and in due season became a Junior. When he leaves West Virginia University with C. E. after his name we expect him to make a living.

WILBERT HOWARD ROBINSON.

Wilbert Howard Robinson is a connoisseur of Mail Pouch tobacco. He has gained great renown in this respect in the years that he has spent in West Virginia University. He always appears happy and smiling and always walks as if he had some definite destination in mind. He is handsome, witty and accomplished but sad to relate no co-ed has ever been favored with his smile. All of his time and attention are devoted to getting his B. S. C. E. degree and also to keep Block Brothers working overtime.

MARTIN LUTHER SAYRE.

Sayre is one of our orators. He is a man whose talents lay sleeping until a great crisis called them forth. This crisis was the discussion as to whether the Junior Class should have dancing at a "prom" they were considering "Compromise with Sin? No, sir!" said Sayre and his speech against it was strong, very strong. He is studing Civil Engineering, really studying it, and does not have much time for the lighter things in 'Varsity life.

De COSTO SMITH.

No, De Costo Smith is not a Spaniard but is just a very plain, ordinary Smith. He looks like Bill Smith or Sam Smith if there is anything in a name. He is a rather ordinary-looking individual with a small, drowling voice which is very seldom heard. If appearances deceive we are sure that he will, in the near future, startle the legal world by his ideas of law.

CHARLES ENCELLE WAYMAN.

While he was young and innocent, he was named Charles, but now, a lad of numerous nicknames, he is usually called "Muff", or "Apollo." Once upon a time, he received a prize for Sunday school attendance, but he stands no show now. His present religion consists in the faithful worship of four mistresses: Music, (as he is master of a unique technique, with a touch that is all his own); the National Game, (his position is left field); Fairmont, his birthplace, ("the greatest industrial center on earth", he asserts); and Engineering, his future profession.

ROBERT STRICKLER.

Bob Strickler is a scholar. Calculus is A, B, C to him. He reads Sophocles and Horace for the same reason that the Prep reads Frank Merriwell stories. From this you would suppose that he is a hollow-chested, sunken eyed somebody, wearing "specs" but he is not. On the contrary he is a good allround athlete, especially at ping pong. The only thing Bob does not succeed in is with the ladies. We hope some fair co-ed will attend to this part of his education speedily.

JOHN THOMAS WEST.

Tom West is a man of a retiring disposition. He takes more interest in his studies than in anything else. Yes, we know this is no place to roast him but we must tell the truth. His chest expansion is very great but he uses it only in long expeditions to Cheat Mountains. Very early in his college life he showed signs of becoming an eminent naturalist or biologist and if he does make one of these branches of study his life work, be assured many new books on bugs and frogs will soon be before the scientific public.

CHARLES WELLS.

Well, well! "Snakes" Wells came in to this part of the country with a whoop, hurrah and a funny grin. A zone of noise always follows him. He tells a joke and laughs loudest of all when it is told. Some laugh with him and the rest laugh at him. When Dr. Beziat De Bordes got "Snakes" to play the part of "Le Grand Turc" in a certain French play he said "Just be natural, Mr. Wells." "Snakes" was natural and as a result brought down the house in his role as a Turk.

BAXTER MONROE WHALEY.

The time and place of Baxter's birth are not definitely known. The most authentic manuscript places the time some where past the middle of the nineteenth century. When very young he "hiked" off to Morgantown, where he has since busied himself trying to be popular with the "Co-eds," and incidentally attending the University. Baxter has won considerable reputation as a debater and is a candidate for promotion in the legal profession. He is a short, plump, jolly chap who enjoys a social "stunt" much more than he does reading Blackstone.

ORLA M. WILKERSON.

We find it difficult in such limited space to give a complete description of this subject, known as "Jack Wilkes." Above all things that may be said, however, he is a very knowing young man and wise in his own conceit. If some of our readers find that they do not know their own business we cheerfully recommend them to "Wilkes." If others are enrious about the secrets of any organization in the University, they may be satisfied by eonsulting him. If professors even, feel uncertain abont faets not generally known, they may safely seek information from him.

HERBERT ADDISON WOOFTER.

Onee in the remote part a tiny mass of protaplasm floating in the earth-heated waters of the universal ocean, felt within it from some source (ask the biologists where?) the spark of life. It grew fat, waxed strong and developed organs through a hundred thousand years or so of growth. Then it left the water and lived a few hundred thousand years, it and its sneeessors, a terrestrial life. Always adding to itself new charms and utilities we find it finally a good-looking ape. A few more years and lo! men greet the final finished product as Herbert Addison Woofter, gentlemen, scholar and B. S. M. E.

JAMES ELMER WILSON.

The strength of mind and the grim determination of this Junior may be seen in his photograph. The grim determination was proved to be one of his qualities when he won the hammer-throw against Marietta's strong man in the "meet" last year (05). His deep bass voice is an important thing in Glee Club doins'. Somehow it seems he has never made good with ye fair Co-ed, but it may be that he is just practieing being a bachelor.

Class of 1907.

Arnold, Gohen Clark, L. L. B. ..... Buckhannon
Delta Tau Delta, W. V. A. A.

Bayliss, William Garnett, M. E. ..... Dunloop
Kappa Alpha; W. V. A. A.; Mountain; Base-ball team '05, '06; Class Pres. 1; Sub. Foot-ball team '05; Monticola Board.

Berry, John Charles, A. B. ..... Wheeling
Phi Kappa Psi; Editor Athenaeum (3); Monticola Board.

Boyles, Frank Morris, B. S. ..... Piedmont
Phi Kappa Sigma; W. V. A. A.

Brake, Arthur K., C. E. ..... Buckhannon
Sigma Nu; Base-ball Team (2); Foot-ball Team (3).

Burns, Evalyn Sage, A. B. ..... Morgantown
Kappa Delta; W. V. A. A.; Monticola Board; Circle Dramatique Francais; Y. W. C. A.; Class Vice-Pres. 1.

Burns, La Vega Washington, A. B. .....
Phi Sigma Kappa.

Callison, James Henry, A. B. ..... Leivasy
Sigma Nu; English Club; Parthenon Literary Society; Regents' Prize Declamation '02.

Coffield, George Webster ..... Peabody
Sigma Nu; Parthenon Literary Society.

Coffroth, William B., B. S. C. E. ..... Keyser
Beta Theta Pi.

Colcord, Edward C., B. S. C. E. ..... St. Albans
Kappa Alpha; W. V. A. A.; Engineering Society; Cadet Officers' Club; Vice-President Y. M. C. A. (1); Secretary Engineering Society (1); President Engineering Society (2); Treasurer Cadet Officers' Club (2 & 3); Assistant Manager Basket-ball (3); Captain Co. B; Distinguished Cadet 1st section; Manager Monticola '07; Cadet Major, Spring '06.

Colcord, Francis Carlton, B. S. C. E. ..... St. Albans
Kappa Alpha; W. V. A. A.; Cadet Officers' Club; Y. M. C. A.; Captain Co. C.; Vice-President Cadet Officers' Club; Vice-President and Treasurer of Engineering Society; Class Treasurer '05-06; Distinguished Cadet 1st section; Marksman.

Cole, Otis, C. E. ..... Morgantown
Phi Kappa Sigma; Base-ball Team (1), (2), (3); Captain Base-ball (2); Basket-ball Team (2), (3).

Dayton, Arthur Spencer, A. B. ..... Philippi
Delta Tau Delta; Circle Dramatique Francais; Columbian Literary Society.

Drane, Robert McVeigh, L. L. B. ..... Piedmont.
Pi Kappa Alpha; Columbian Literary Society; Law Club; W. V. A. A.; Secretary Junior Law Class.

Edwards, Mary Dorothy, A. B. ..... Martinsburg
Kappa Delta; W. V. A. A.

Ernst, Howard Mark, C. E. ..... South Thompson
Phi Sigma Kappa; Foot-ball Team (2), (3); Manager Basket-ball Team (3); Engineering Society.

Foulk, Virginia ..... Morgantown
Chi Omega; English Club; Y. W. C. A.

Fortney, Camden Page, C. E. ..... Lumberport
Delta Tau Delta; Engineering Society.

Foulk, Thomas Bond, B. S. C. E. ..... Morgantown
Phi Kappa Sigma; Glee Club; Choral Society; W. V. A. A.; Cadet Sergt. Co. C.

Gatherum, Robert, C. E. ..... Gatewood
Engineering Society; Concord Alumni.

Green, Ethel Averil, A. B. ..... Morgantown
Alpha X. Delta; Circle Dramatique Francais; Music Club; Y. M. C. A.; Greek Prize 1904-5; Monticola Board.

Hereford, Walter D. ..... St. Albans
Sigma Nu, Delta Chi.

Jackson, Stephen Goodloe, B. S. ..... Jane Lew
Sigma Chi; Class President (2); Winner First Prize in Debate vs. Wooster (3).

Jenkins, Jessie, A. B. ..... Montrose
Chi Omega; Y. W. C. A.; Parthenon Literary Society; Cirele Dramatique Francais; Anthenaeum Board '05-'06; Monticola Board; Contestant in Declamation Inter-Society Contest '05.

Kennamond, Alva Dayne, A. B. ..... Wheeling
Parthenon Literary Society; W. V. A. A.; Sigma Nu.

Kunkle, James ..... Morgantown
Sigma Chi; W. V. A. A.

Kunkle, Justin ..... Morgantown
Sigma Chi; W. V. A. A.

Lewis, Laura Frances, A. B. ..... Aberdeen
Kappa Delta; Y. W. C. A.

Leahy, Thomas ..... Austinberg, Ohio
Phi Sigma Kappa; Foot-ball Team (2), (3); Captain Foot-ball (4).

Marsh, Joseph Franklin, A. B. ..... Harrisville
Columbian Literary Society; Debater in Inter-Society Contest '06; Y. M. C. A.; President Students' Publishing Association; Mountain; On team winning debate with W. U. P. '05.

Lucas, Arthur Mapel ..... Morgantown
Sigma Nu; Columbian Literary Society; Cadet Officers' Club.

Mason, Earle Dilworth, C. E. ..... Allegheny
Sigma Chi; Base-ball team '04, '05, '06; Captain team '06; Class Historian (2); Monticola Board (artist).

Mason, John W., Jr., B. S. ..... Fairmont
W. V. A. A.; Circle Dramatique Francais; Monticola Board.

McMillan, Perry Wade, C. E. ..... Masontown
Sigma Phi Epsilon; Engineering Society; Cadet Officers' Club.

McNutt, John Dana, C. E. ..... Flatwoods
Sigma Chi.

Morris, Wilfred Armstrong, C. E. ..... Connellsville, Pa.
Phi Kappa Psi; Assistant Manager Track-team 1905.

Morris, Nellie Delia, A. B. ..... Morgantown
Columbian Literary Society; Y. W. C. A.

Myers, Clifford, A. B. ..... Mason
Y. M. C. A.; Assistant in Gymnasium (2), (3); Cadet Corps; Corporal Co. B.; Class Historian (3); Secretary W. V. A. A.

Post, Clarence, A. B. ..... Fairmont
Y. M. C. A.; Monticola Board; Class Treasurer (3).

Purinton, Mary Lyon, A. B. ..... Morgantown
Kappa Delta; Circle Dramatique Francais.

Quick, Howard, L. L. B. ..... Marietta, Ohio
Delta Tau Delta.

Rightmire, Edna, A. B. ..... Morgantown
Columbian Literary Society; Y. W. C. A.; Class Poet (3).

Ramage, Chesney Macaulay, B. S. ..... Fairmont
Delta Tau Delta; Cirele Dramatique Francais; Parthenon Literary Society; Glee Club (2), (3); W. V. A. A.; Debating Association; Editor-in-chief Monticola; Anthenaeum Board; Winner inter-society contest in oration '05; on winning debating team vs. W. U. P. 1905; Inter-Society representative in essay 1906.

Robinson, Wilbert Howard, C. E. ..... Millsboro
Sigma Phi Epsilon; Engineering Society.

Rust, Marshall W. ..... Charles Town
Kappa Alpha; Engineering Society; W. V. A. A.

Smith, D. C. .....
Delta Chi, Phi Sigma Kappa; Monticola Board '07.

ELLISON AT UNIONTOWN.

JUNIOR CLASS HISTORY

Usually a college class must have its history written and published in the college annual to inform the public of its existence and perhaps, achievements; but in the case of the Class of '07, now the Junior Class of the West Virginia University, this is not necessary. Practically every one in this section of the country has heard of this class but for fear there is some one who is not well informed in current history, this sketch, however unworthy it is, was written to enlighten their dull intellects.

From the time that this class entered upon its career in the fall of '03 its life has been marked by an unbroken series of successes. When that "conglomerate mass of youthful and knowledge-seeking humanity" appeared before that powerful Judge—The Honorable Registrar, that Worthy noted the unusual superiority of those qualified to join the ranks of the '07 (Naughty-seven). The Honorable Treasurer who is also a chemist who was never known to make a mistake in an analysis, speadily perceived that they were diamonds in the rough. These worthy judges were not mistaken in their opinions for shortly after the class had affected an organization, it showed itself to be of no ordinary kind.

In the famous Class War of '03, under the leadership of Bayliss it gave the Sophomores a disastrous defeat which was unparalled in the history of the University; and when by foul means they abducted our Secretary and our Historian, we easily frustrated their evil purpose and their pygmean plans came to naught.

The next year when we were Sophomores under the leadership of Jackson, the Freshmen made a feeble attempt to dispute our valor. However they are exonerated since they knew not our prowess.

We are now in the third year of our existence and are still manifesting our activity. This book is a product of our labor and of its excellence we leave you, kind reader, to judge.

However, the former history of the class of '07 is indeed short as we have just begun; in fact we have not had our Commencement yet. Think of what an array of volumes it will take to describe the achievements and victories of the members of this class in after life. Certainly there are latent geniuses in this class who shall bring a spirit of pride to this University, similar to that which thrills the student of Oxford or Edinburg when he thinks of the immortals that once sought wisdom in those classic walls. We look around to see if there is any one of us that promises future greatness. How utterly we fail to discover that ascending star! Yet that might be expected for there is not a member of the class that does not show some signs of future greatness. Certainly, there will be classics written in the next decade bearing on the covers the names of Callison, Berry, Mason, Green, and Whaley.

Our orators will grace the platform to disseminate knowledge to the world. Wilkerson with his gentle mellifluous voice, when he takes one of his famous flights of oratory is hardly to be excelled even by Russell Conwell. Who could behold the military services of the "Colcord twins" without thinking how safe this great Commonwealth will be as long as they bear arms in its defence? Yet these mighty captains are not invulnerable. They are doomed to defeat when Cupid with his primitive arms enters the arena. There is Dayton; a veritable chip off the old block, who, from present indications will easily overtower his father in political honors.

But why go further into detail to mention each member of the Class when they need no mention? They will carve their names in letters of gold in the annals of history. Therefore it is mere mockery to insert them in an humble writing like this.

In athletics '07 has indeed gained her laurels. She has been ready at all times to contest for the honor and fame of the "Old Gold and Blue". On the baseball field and the track our class name is synonymous with success. Who has not heard of the exploits of Martin, Leahy, Ernst, Brake and Bayliss on the gridiron? How many times have they brought victory and fame to our University and joy to the hearts of our Co-eds?

And now let us say that this class has given such an impetus to the prosperity and fame of the University, that the whole state has felt its influence. In fact many know the University only through the present Junior Class.

When this class leaves the University—but no! Let us not dwell on unpleasant things! Let us hope for the best.

SOPHOMORE CLASS HISTORY

If the class of '08 were one of the ordinary mediocre kind, usually found in the University, it would be easy to write its history. But since this class has made such an extraordinary record, it would require the united efforts of the Professors of both English and Mathematics to record rightly the progressions of the infinite series of its brilliant achievements.

The venerable University Professors early recognized the fact that the class of '08 contained the best talent of the Middle and Southern states. Only a few members of this class were trained in the "kitchen" department of this University. Most of them came directly from the best secondary schools of the country. Owing to this fact, when the class entered the school in the fall of '04, it was not of that extremely seedy appearnce that generally characterizes the Freshmen classes of the State University. The one or two of the members who had not carefully brushed all the seed off their backs soon learned the better ways of the world by the association with their more cultured classmates. Quite soon, it was recognized by the University authorities that there must be more of an atmosphere of enterprise and improvement about the college buildings, in order that things might better harmonize with the up-to-date class that had just entered the University. Immediately, a plan was set on foot for renovating and redecorating the Ladies parlor. This year, there has fallowed a complete cleaning up of the entire Woodburn Hall. Everybody recognizes the fact that such a system of cleaning should have taken place several years ago, but it had to await the inspiration of the class of '08.

The Sophomore class has been an inspiration along many lines and has taught not only the University authorities, but the students of other classes many things that they should know. When school opened in September '05, the University Professors were delighted to find all the class back; they knew that the wheels of progress would still roll on properly. On Friday evening of the first week of the school term, the class met for reorganization,—to examine carefully and to strengthen, if necessary, any weak places that might be discovered in the foundation, so carefully constructed last year. A very efficient set of officers was carefully chosen. But just as it came time for electing the class Historian, there was a slight noise heard at the door, which was interpreted to be the usual "Freshmen interruption". The class was so anxious to get out and teach those "Freshies" the proper respect to be shown toward a dignified Sophomore meeting, that the Historian was chosen without proper consideration.

The members of the Freshmen class learning of the Sophomore's organization, thought that they must follow

suit, by organizing too. On the first evening that they called the meeting, there was a complete failure, owing to the fact that none of their members seemed to know enough to direct an election. The President of the University having learned this, took pity upon them and called an open air meeting on the campus for the following night; he also called out a company of cadets to assist them in the organization. Still it would have been a failure, had not the Sophomore class in its usual manner come to the rescue, and assisted them in the work. When the election was finished, the Freshmen were so well pleased, and felt so grateful towards their Helpers, that they fell upon their knees (?) and gave proper recognition to the "powers that be", for the timely assistance rendered them in need.

The class of '08 has always gained much popularity in Athletics. Some of the best players of the Varsity foot-ball team belong to this class. For this reason the Sophomores could not organize a class foot-ball team, as the other classes did not like the idea of being knocked around by those big foot-ball men. It has also gained many victories in basket-ball and other Athletics.

The Sophomore class has plans in mind for continuing the good work the next two years. Before it leaves the University in '08 it will no doubt be recognized as the class, "first in war, first in peace, and first in the hearts of its fellow-students."

HISTORIAN.

LOST—STRAYED STOLEN!!

From the Junior Kindergarten,

FRESHMEN

Fresh from the glehe, uncultured, rude, pusillanimous and gross bipeds (bearing only the surface marks of humanity) that have strutted hut a brief hour upon a mimic stage, alternately crawling and pedalling around upon the moccasins of their infancy, as yet unweaned and undivorced from the sustaining dug of mamma, crying, weeping and wailing for gum rings and rattles, and with, as Milton says, "thoughts lower than any beadle!"

From the Late Silence of These

'09ERS,

These insects that folly has created for the annoyance of our atmosphere, dangerous alike in their torpidity and their animation, infesting where they fly, and poisoning where they repose, it has been decided that they are

DEAD

Whereas it has pleased the Almighty to weed out from our midst these worthless social outcasts, smitten oy the dread malady diagnosed

CHOLERA INFANTUM,

And should any he so fortunate as to survive the tortures of HELL, and return, let him he instructed as follows:

I. FRESHMEN MUST DISCARD THEIR SHORT TROUSERS.

II. FRESHMEN MUST NOT WEAR LOUD-BANDED HATS, W. V. U. CAPS, SWEATERS, OR ANY WEARING APPAREL WITH W. V. U. MONOGRAMS OR COLORS.

III. FRESHMEN MUST DESIGNC TO THE ATHLETIC ASSOCIATION, Y. M. C. A., AT LEAST ONE LITERARY SOCIETY, AND MUST SING IN THE CHAPEL CHOIR.

IV. FRESHMEN MUST NOT CONTRACT ANY DEBTS IN THIS CITY

V. FRESHMEN SHALL NOT GIVE VENT TO THE FOUL VAPORINGS OF THEIR VOLATILE HEADS IN THE PRESENCE OF UPPER CLASSMEN, NOR SHALL THEY QUOTE SHAKESPEARE, MILTON, DANTE OR HOMER, EVEN IN THEIR OWN UNALLOWED PRECINCTS.

VI. THEY SHALL NOT CONVERSE OR IN ANY WISE ENJOY THE SOCIETY OF THE GENTLER SEX ON THE CAMPUS OR ELSEWHERE. IT WOULD BE ONLY WITH THE SERPENT'S WILE, AND THE SERPENT'S WICKEDNESS, FOR THE SAID RIPLOS TO THUS STEAL INTO THE EDEN OF COLLEGE LIFE, POLLUTE ALL THAT IS LOVELY, POISON ALL THAT IS PURE.

WARNING!

'Tis but a fool's nature to trespass upon the direction of his superiors; and alas! Freshmen, ye must now take heed: for

WE, THE CLASS OF 1908, have handed ourselves together and given a solemn oath to carry into immediate execution, for the slightest infraction of any clause of the above code, punishment so terrible that, with all the richness of our lauguage, it is incapable of being expressed.

PROVOCATION

FAKES, FREAKS, FLUNKERS!!

SOPHOMORES

A pest worse than the dread "Yellow Jack" has recently fallen over our fair city. A hetrogenous mass of seething, reeking, writhing, squirming, human MONSTROSITIES, consisting of all the refuse of the secondary schools of the State, together with a conglomeration of second-hand petrified PREPS, has flooded this city with its ohstreperous proximity.

NAUGHT-EIGHT '08

The 8 Is the Exponent of Their Nothingness.

They Call Themselves SOPHOMORES. Being VERY UNSOPHISTICATED

These Abominable, Bullheaded, Contemptible, Degraded, Effervescent, Fallacious, Gluttonous, Harangueful, Idiotic, Jagged, Knocking, Lugubrious, Malevolent, Noxious, Odious, Pamsimonious, Quiescent, Rancid, Scurrilous, Tattling, Unbearable, Vacillating, Windy, Xanthia, Yellow, Zymotic, & ___, arrived on sleek, well-fed ponies, which receive the greater part of their attention. They are characterized by their complete aversion to all kinds of exertion—physical or mental. Their distaste for all manly or athletic sports, is doubtless due to their

COLD FEET

ODE TO '08

O, Ye Gods and little Fishes
Was ever like by mortal seen;
No! oh, no!! a thousand times no!!
There has never such thing been,
And WE hope, for ALMA MATER,
That there never will again.

PATRICK'S PRIVATE OPINION

ON the aivnin ov Oct. 10 Howly mither an' howlin saints! Begorra an' oi don't know whither me hid's on me heels or me back. Sooch a rooshin shpankin' toime oi niver had sinee oi lift me mither in owld Oireland.

Now if oi can iver sittle down I'll jist wroite a few wurrds ov what's happened these thray wakes sinee oive been here at the big school. Ah, an' it's a foine rooshin' toime oive been havin'! The furst thing on the furst day an' a felly wid a shmart look in his eye shtruts up an' sez to me, sez he "Hello Pat, an' what class do you belong to? "Home rule for Oireland an' may she live forever!" sez oi. "O ye fool, an' what are ye're colors?" sez he. "Grane," sez oi, pointin' proudly to me shamrock waist-eoat. "Oh I guess ye belong to the Frishies, or ought to," sez he shtruttin' away agin just as proud loike as if he was a polaceman wid buttons.

Will thin that avnin' oi towld the felly oi shlape wid, "Misther Bob," sez oi puffin' out an' lookin' proud, "Oi belong to the 'Grane Fellies, the Frishmen, Misther Shmarty said oi did." Thin he wint roight to callin' me a "briek" an' sooeh other hard names, an' towld me to take off me shamrock waist-eoat an' come wid him. When we got to the eorner there was thraw other fellies wid bockets an' brooshes an' whoite an' yelly paint. Oi was always a good climber on board the ship, an' Misther Bob an me took one bucket an' stahrted climbin'. Whin our faces were as rid as English Lobsters we come to a little round shanty called the "inservatory"—a place where they see stahrs in. We didn't see anny tho,' but before ye could wink yonr oye we had a big 09 roight there on the stahr-house. Thin we stahrted runnin' down the hill loike the divils were afther us an' oi thripped an' saw all the stahrs oi didn't see a whoile ago. Thin we come back to the big house wid the little windys an' the roof wid four soides to it. Oi sid me prayers an' the fellys hoosted me up, an' whin oi got back to the grane thir was four 09's shtarin' roight at hivin' an' me an' tillin' the birds an' people that the grane fellies of 09 were the elass afther their own hearts, an' that Patrick O'Neal was that swilled up wid proide that he couldn't brathe. Will thin the other fellies come up wid their buckets an' nixt mornin' oi felt loike a hero. Oi put on me hoigh hat and shtipped around as proud an' condecendin' loike as if oi was a perfissor.

Nixt marnin' Misther Bob wakened me from me shlape an' sez to me, sez he, "Git up an' let's look aroun." Faith an' if ivery tiligraph pole wasn't bearin' a paee ov paper sayin' loyin' things about the grane fellies.

Sakes an we wint afther the divilish things furc long ivery one ov thim was down.

An now oive aised me moind oi giss oi'll till what oi stahrted to till a whoile ago. Ivery mither's son ov us

was there to the furrst matin' ov the Grane Fellies. Ivery wan's hahrt was that swilled up wid proide that we couldn't shtay in a house. Out on the grane grass an' under the stahrs ov hiven we mit an' made a liittle short felly our prisident. Thin if the shmarties didn't shtick in an' try to rnn us off. Shure an' that roiled me Oirish an' begorra, we wint at thim. Oi thought oi was in the stahr-house for sure; but oi jist kipt roight on yillin' for Owld Oireland and the grane fellies. Oi don't know what happened but furrst thing oi knows an' they have us all a mahrchin' down the shtrate an' yillin' "Thraw chares for the Shmarties." It wasn't fair an' bedad an' oi'll lick ivery blissed one that sez it was. Oi yilled "Thray chares" loike thray divils, an' thin oi sid for the Grane Fellies jist as soft loike as if oi was sayin' me prayers.

Och, ochone! an Oi'm grane all over now but oi can shtill yill "Hurrah fure the grane fellies an' owld Oireland."

Nov. 11.

Och, howly mither, an' we got it in the nick this toime. Faith an' the Prips bate us bad in foot-ball. But the grane fellies will come out on top yit.

Nov. 18.

Faith an' begibbers, an' oi knew wed do it. The Davis an' Ilkins fellies are baten, an' the Grane Fellies are on top jist as Oi sid they'd be.

Nov. 24

Achora, an me hid's been in hiven all aivnin'. Our tame knocked the shtoofin' out ov the other tame in bahsket-ball an' we're shtill on top an' will sthay on top. Long live the Grane Fellies forever.

Nov. 28.

Ah, an' we got it back at the shmarties this toime. Shure an' weive invinted a bit ov blarney that'll sittle the whole false an' decaivin' sit ov thim. Misther Bob an' me shtuch thim up ivery where, an' ivery won saw thim too; for the shleepy shmarties shlipt roight on an' niver said a wurrd.

Feb. 17.

Ow, we'll dance all night, till broad dayloight
An' go home wid the gurrls in the marnin'.

Ow, it's kilt oi am entoirely wid fascination an plisure. Shure an' it's St. Pathrick's day an' we've had a pahrty—a pahrty wid aitins an' shpaikins. Thray or fure fellies an' gurrls did the shpaikin' an' then St. Felix, the pathron saint ov the class walked roight in an towld us how he happened to be our pathron, an' jist what we must do an' what we mustn't, an' thin towld us he'd be back nixt year an' walked out. Thin ivery body shtarted shakin' hands an' thin we had aitins, an' won ov the gurrls played on the pianny an' we all sung, an' thin ivery won got solemn loike an' ivery toime anny won shpoke he sid "Misther President, oi move," an' furst thing oi knowed a little felly moved "that Patrick O'Neal be class historian."

An now it's bothered oi am entoirely. Oi don't know what to wroite at all, at all. For it's a foine history oi must be wroitin' ov the fellies that have got the shpunk, the fellies that have got the shpirit, the fellies that will be a proide, an honor to the Wist Virginia School.

SENIOR LAW HISTORY

In conformity with an ancient custom established in all regular and well governed Law Classes it becomes necessary to deposit in the archives of the University a short memorial of the Senior Law Class. No common class is it, certainly and yet the task is not easy because the wealth of material is so great that it is hard to choose what facts to set forth in so brief a sketch—

What was said of the greatest Virginian—the father of his country—with some slight modifications certainly, and with a considerable of truthfulness probably may be said of the Senior Law Class of the West Virginia University. They may be described as being first in war, first in peace and first in the hearts of the Co-eds.

The record of our Junior year had been one of warfare. It began with a hot contest—a fierce fight for the chieftianship and this spirit seemed to pervade the proceedings and doings of the whole year. It was a year however of conquest and victory. We overran the Kingdom of the Three Blackstones and reclaimed from the "high brush" a large and well organized section of contracts.

These victories, however, were not accomplished without some losses. When chief MacQuarrie looked over the ranks of his faithful followers in the Fall of 1905 he found that some of his men were missing. The hot engagements of "Exams", and the long marches of term time had somewhat thinned the ranks. Some were sleeping on their rights in the wilds of Willey's woods—lost in the "high brush." Others had "lost out" in the attempt to pass the brook St. George. This stream seemingly fair enough in term time, nevertheless at its close becomes swollen to a flood. Some of our cavalrymen riding gaily into the current attempted to stem the tide on horse-back, but sank beneath the waves to rise no more. Some also were marked mounds on Maxeys meadows.

These slight losses, however, were more than compensated for by the arrival of new recruits and the work of reorganization for another year was undertaken with conrage and the highest hope; and proved a comparatively easy task. How Rose rose to the occasion, and in his rising seemed a pillar of state, is too well known to all to need to be recounted here at any length. With promptitude and vigor he seized the reins of government and a broad and capable policy of peace and power at once unfolded itself for the benefit of the Class in particular and the University in general.

With a view that the finances of the class should be safely and wisely administered Dunn was elected first Lord of the Treasury, and a faithful "watch dog" he has proved himself to be. None of the funds have been taken or misapplied. Why? Because there "air no funds". When Dunn duns for funds he solemnly announces to the class that he is not collecting money for his own benefit.

But we do not seem to take this suggestion very seriously.

Under the present administration we have attained a degree of prosperity in the arts of peace almost unparalleled in the annals of Senior Law Classes. In athletics and music and literary work we have attained distinction, and in the study of the law we have made marvelous progress.

The conduct of the class is now of a very high order; and most of our faults have disappeared. Especially is this true of the mastication of mail pouch which at one time was such a serious fault, and over which many must have shed bitter tears, judging from the condition which the floor of the class room often presented after a recitation. But as to this fault there is now a marked change for the better certainly. Nothing but harmless Hot-ball or innocent "Scrap" is now taken by way of refreshment during the tedious and tasteless recitation hours. It is true that Dr. Brooke has recently recommended to the class the wearing of gum shoes in the recitation rooms as a necessary precaution to protect the feet from the dampness of certain shinning pools upon the floor. But surely he was thinking at the time of some other class. Perhaps he was thinking of the days of Judge Johnson and simply spoke thus through force of an old habit. Surely he was not thinking then of the present Senior Class. O, dear no, he surely was not.

So much space has been taken up in discussing the foregoing feathers of the class that but little room remains for the presentation of its social attainments. However but little space is really needed for the consideration of this branch of our subject. Not but what the social qualities and distinctions of the class are many and varied They certainly are: and these things speak for themselves. All the world knows (and how could it be otherwise?) that the Co-eds are sure that the Senior Law Class is just right. Of course none of the class attend the dances and balls. They would never think of doing anything so unconstitutional. But at Y. W. C. A. socials and church suppers they shine with becoming merit.

The Senior Law Class like most law classes is a jolly good-natured lot of fellows. Our associations have been most pleasant; and it is with true regret that we part from our Alma Mater and from each other.

Historian.

JUNIOR LAW HISTORY

The Junior Law Class of 1905-'06 has proven beyond a doubt that it has cast aside the time worn traditions handed down by its predecessors and risen above the standard set by past classes. This was demonstrated when the class, realizing the necessity for a change in the questionable methods pursued during past examinations, on the 16th day of April 1906 installed a new scheme to be pursued during examinations, to be known as the Honor System. Under this new method each man pledges himself on his honor neither to give or receive assistance during any examination and to report any student whom he may detect in this act of cheating. The accused is to be tried by the class and if found guilty of cheating notified to leave the University. This is certainly a step in the right direction and too much cannot be said in its favor. The Junior Law class deserves a great deal of credit for inaugurated this policy and it is to be hoped that future classes may profit by the worthy example set by this year's class and strive to perpetuate and carry out this new scheme of things. The tone of the law class will be raised and a degree will mean so much more than it did when it was an open secret that a great many men went through college on their ability to devise unfair methods of passing rather than on their ability as students.

No further history is needed. The one act set forth in the preceding paragraph has earned for the Junior Law Class of 1905-'06 a pillar in the Hall of Fame.

The Sophomore Meds

Samuel Cecil Austin, better known as "Swiscel," is always late and often is very sleepy when he does come. "Swiseel" is a hard student and keeps very late hours.

Allen E. Burner—"Come now boys, a little less noise please."

Clyde William Conn, one of our Pennsylvania boys, noted for his brilliant class work.

Dr. S.—"Mr. Conn describe the internal ear."

Mr. Conn—"Well it is something like this first we have a sack with two little stones in it."

Thomas R. Francis—often thinks he is an automobile and makes known his presence with loud "Honk"—"Honks" that would give the average students nervous prostration but it does not faze a medic.

George Delbert Johnson is different from the rest of us in that he lives in three states at once. He is a good student and is continually referring the Prof. to such and such a page in "Path" to back up his own statements.

Merle McCutcheon goes by the name of "Mae" most of the time. He is the fellow that was never known to blush.

George C. Mountz thinks he is very bright and of course we never dispute his word at all. But "Clyde" did excellent work one day for Mountz said "Now that is Just Like Mine."

William T. Owens is our society man and when he is not smashing hearts he is breaking beakers in the lab.

Richard Riley at home called "Dick" but we boys prefer the name "Mother"; so "Mother" Riley it is.

Clifford A. Smith—Sun, moon and stars may pass away, but "C. A." will never change.

John H. Steenbergen. Our quiet "Steeny" is very studious and was never known to waste his time with the "Co-eds."

Feliz Yanosky. "Eh! Felix how do you pronounce 'Salkowski' or what is this word 'Adamkiewicz'" is often heard in chemical lab.

FRESHMEN MED HISTORY

Only the fittest can survive the test of the ages, and so the law of natural selection or the "survival of the fittest," has been at work through long years selecting; moulding, and finishing the material that was intended to constitute a freshman medical class in the West Virginia University during 1905-6. Late in September of 1905 this body of young men, all faithful followers of the god Aesculapius, were collected into the hallowed precincts of this seat of learning. Being of an investigating turn of mind, they were not wont to take things for Grant-ed, as had the soft more medical class, but were determined to become Post-ed for themselves. Immediately after assembling the soft more class told them that epidemicum flunkem oportum epizooticum was a contagious disease, and warned them to prepare for an attack of the malady. But after careful reading, analyzing, dissecting, and where necessary investigating by original methods, at last they came to the conclusion that this was one of the erroneous myths of the past, handed down and accepted blindly without due investigation.

The arduous labors of making these scientific investigations and the overweening modesty of these young men forbids them to make a complete history of the varied achievements of the class, but they have in course of preparation an unabridged edition of the class history for the especial benefit of the soft more class and also for the use of classes to follow in order that they may perceive the cause of the unbounded success of this favored class. While it is not the intention at the present time to make public the full class history, it seems only proper that the results of these scientific investigations should be made public, in order that these classes which have preceded them may avoid a recurrence of the dread epidemicum flunkem oportum epizooticum, and the classes to follow may guard against an outbreak of the disease. The treatment found to be effective is about as follows: Solid Extract of Gray, administered in maximum doses throughout the year by Dr. Post; Piersal's Soothing Syrup, administered by Dr. Grant for about three months; Dr. Whitehill's Compound, prepared and administered by himself, with some slight assistance from one Brodbury; Howell's Favorite Prescription, administered by Dr. Simpson; Sallmon's Sedative, also administered by Dr. Simpson; and a short course of treatment for the nervous system, recommended by Dr. J. B. Johnston. If this course of treatment is followed according to the directions of these able advisers we can almost guarantee its efficiency as a preventive of epidemicum flunkem oportum epizooticum.

When the unabridged edition of the class history is ready for distribution the present soft more class and other

classes will find it advisable to make a careful study of the same that they may see the great labors of this class and understand its unbounded success in the study and prevention of this malady. For in the hard unceasing toil of these scientific investigations and present success they may perceive a portent of the untiring labors of the members of this class through coming years, and catch a reflection, as it were, of the unbounded success that the god Aesculapius has in store for this band of faithful followers.

The Monticola

A clay tablet recently discovered in the ruins, of Babylon, and supposed to date from the reign of Ajax I 4144 B. C.

In a painting old of Greek triremes,
The oarsmen are toiling like giants, it seems;
The waves roll up, the rocks are nigh,
And all depends on the Pilot's eye.
The oarsmen may struggle—in vain is their fight
If the Pilot guide them not aright.
Yes, we are oarsmen on a stormy sea,
A toast! To the Pilot! Our old Faculty!

13 BIG ACTS 13

FORTY FLOUNCING FAIRIES. COUNT THEM.

Performance Begins at 8 o'clock Sharp. Admission 75, 50, 25 Cents

The Shadows of Years

"Sweet maid, thine eyes are summer skies,
Oh, prithee, why so blue?"
"Why, I, you see, look up," said she,
" 'Tis a reflected hue."

"Woman, thine eyes are winter skies,
Oh, prithee, why so gray?"
"The work I found lay on the ground,
And there the shadows lay."

Mary Lyon Purinton.

Last Year's Trip South

Yes! It was on March the 28th when the good team West Virginia, with Manager Morgan, not J. Pierpont, but a close relation, at the helm, set sail for a mighty invasion of ye Southland.

Now in the vast annals of the West Virginia University as far back as memory and report go, there never had been a team of ball tossers from our good state who had visited this sunny land, so it was with rightful anxiety that the team mounted ye true old fashioned tramroad, the B. & O. at Morgantown, and slowly jogged along over night on their journey.

Undaunted by surroundings our dear friend Doctor Jeckyl, surnamed Kell began to toss bed cloths and pillows at his fellows just as soon as his berth was prepared for the night.

Not being satisfied with this line of rough house Herr Jeckyl began to sing to the best of his small ability an old Irish song which had doubtless been imported with Herr Jeckyl's parents, some centuries ago.

After a night of semi-rest or vain attempt to sleep thru Jeckyl's performance it was with joy we all hailed the loud cry at the door "Washington! Washington"!

After a hearty breakfast at "Ye Hotel de Prunes", each fellow set out to see a long waited for sight which he might have read or heard about.

"Gap" Bayliss and "Energy" Mason immediately set sail to see the biggest thing in our national capitol—The Washington Monument.

Both soon became bewildered in the meshes and tangles of the immense village, so wandering aimlessly about they strolled into an immense yard which was surrounded by a high iron fence.

On walked the sightseers even up to the large dwelling house on the veranda of which stood two officers at attention.

Gap mustered courage to inquire who the owner was, and being informed our worthy President dwelt within, the two travelers entered the executive mansion "Energy" inquiring as to the President's whereabouts.

Being informed Mr. Roosevelt was out of town a look of rare disappointment overspread the visages of the expectant West Virginians and they made haste to catch their train to Woodberry Forrest after first writing out calling cards which they left with the servant.

Arrive at Woodberry Forrest.

Are met at train by Professor who drives us out to the school which lies five miles from station.

We cross the Rappanhanock drive thro woods wherein occurred the Battle of the Wilderness, where all is still and quiet at this writing.

Game—Score Woodberry Forrest 2.
West Virginia 11.

Go next to Charlottesville.

The following day, Saturday, our own brave warriors did battle with the pride of "The Old Dominion State," but to no effect—Score
Virginia 7.
West Virginia 1.

Sabbath. No practice.

Dr. Jeckyl is seen resting contentedly on the hotel veranda, pipe in mouth, feet on the railing and hat down over the eyes as is customary with deep thinkers.

Monday at the 3rd hour a monstrous crowd sat in the grandstand, while hundreds upon hundreds took their seats upon the tracks of the C. & O., most of the latter however were all black in the face.

Game commences.
Great excitement.
Chez falls off the players bench.
Score 5th inning Virginia 2 W. V. U. 2.
Violent rooting.
Wild excitement.
Chez sits down on his own stiff hat.
The game is over.
Score Virginia 2 West Virginia 4.

A story became prevalent among the stern Virginians after this game, that a score written in large black letters stood out among their list of immortal victories, saying West Virginia 4—Virginia 2.

The writing was done upon a steel girder which spans the main street of Charlottesville.

Whatever truth lay in this tale the writer is unable to say but he faintly remembers seeing several of the members of his team who wore a thorough coating of black paint upon their hands for several days thereafter.

Tuesday—at Lexington.
Washington and Lee 4.
West Virginia 3.

Burley and Doc Jeckyl distinguish themselves and make names for themselves ranking with Sheridan, because of their 36 mile ride on the back of a mule.

Blackburg.	Wednesday.
V. P. I. 9.	West Virginia 7
Roanoke.	Thursday.
Roanoke 11.	West Virginia 12
Roanoke.	Friday.
Roanoke 11.	West Virginia 8

V. M. I. at Lexington Saturday.

V. M. I. 5	West Virginia 9

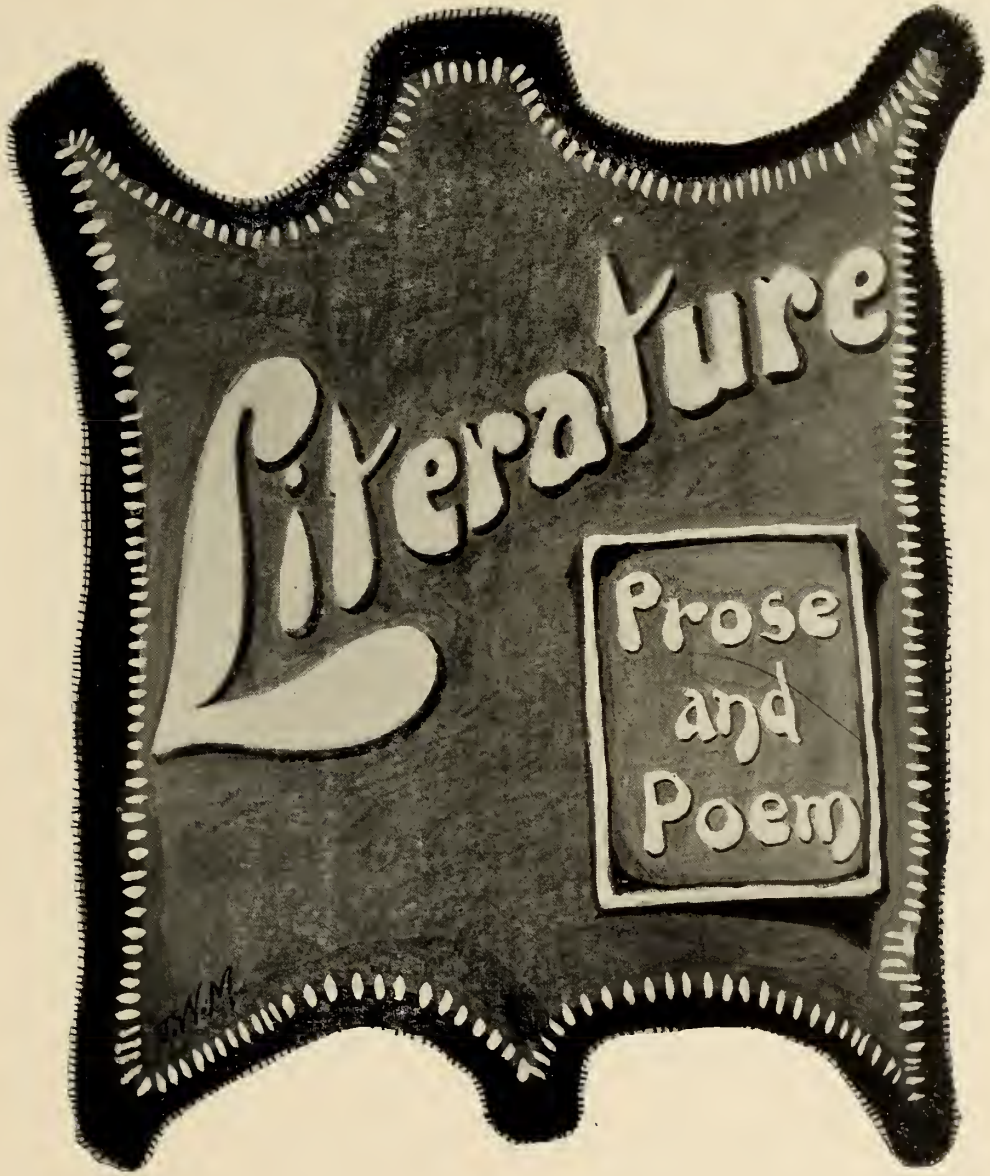
THE "EMBRYO" DRUM-MAJOR



Literature
Prose and Poem

"The Lady" or "The Tiger"

When Jim Armsby entered college, he was immediately, after the fashion of college boys, nicknamed, and his nickname was "the Lady." Since Jim was scarcely average height, with delicate features, sofe brown eyes, and a rather quiet manner, this name suited him admirably. Long after the man who had bestowed it upon him had left college, Jim was answering to the name, "the Lady." The impression, however, must not be gotten that Jim was effeminate. Far from it. Although he had never "made the 'varsity eleven," he had played football and played it well, too. He had endured without a groan the setting of a collar bone, a nasty break where some player had struck him, and he had once knocked down a fellow who had insulted a girl, not withstanding the fact that the fellow was many sizes larger than Jim.

Jim's best friend, Joe Sidney, was also nicknamed. His pseudonym, strange to say, was "the Tiger." Six feet tall, with shoulders proportionally broad, a star at football, playing with tigerish intensity, Joe well merited his nickname. I am inclined to think that but few of the boys thought of Milton, "the Lady of Christ's," when recalling Jim's nickname, but they never failed to think of Stockton's "The Lady or The Tiger?"?" when naming the two together. Many were the puns, many the witty remarks, consequent upon the coincidence of friendship and nickname. The boys endured them all with equanimity.

So their friendship continued until they both, in their senior year, fell in love with the same girl, and it was no college-boy's love, but the earnest, sincere love of a man. Elizabeth Harwick was a brilliant girl, prominent both in the college, and in the social life of the small town wherein the college was located. She was above all an attractive girl with a personality that made friends for her everywhere. Her dark brown eyes could sparkle at the labored wit of one college professor, or they could look with intent interest upon the technical terms of another. Elizabeth entered college in the boys' senior year. It was only a short time before Jim met her, and two days later he took Joe around, introducing him thus: "I'm 'the Lady,' here's 'the Tiger.'" Then began the rivalry, good natured at first, serious later, but hostile, never.

Elizabeth was equally nice to both boys. If Jim took her to church, Joe took her to the theater; if Jim took her driving, Joe took her boating; if Jim took her to the biggest football game of the season, Joe took her to the dance given that night in honor of the visiting team, although he, poor half-back, was so bruised and tired that every step was torture. And so matters went on. All spring "the Lady" and "the Tiger" strove, neck and neck, for Elizabeth's favor, and her love. All three were extremely reticent. Elizabeth was unlike most girls in that she confided in no one. Jim and Joe were in a predicament. Hitherto each one had confided in the other. Now that was out of the question.

One morning Elizabeth received two letters. The handwriting on each was familiar; one was from "the Lady", one from "the Tiger." Instinctively she guessed

their meaning. Hastening to her room, she read them. The first read thus:

My Sweet Heart:

For a long time I have known that I love you, but I have kept silent, fearing to sever our friendship, which believe me, is very sweet. But now I ask for something far sweeter—your love.

Yours devotedly,

"The Lady."

The second letter was as follows:

My dearest:

Don't you know that I love you dearly? I want you to love me and I want you for my very own.

With all my heart,

"The Tiger."

On Elizabeth's desk that night lay two envelopes intended respectively for "the Lady" and "the Tiger." In each hand was a letter. The one in her right read:

My dear J———

You have grieved me beyond words. No one loves you more, as a friend, than

Your friend,

Elizabeth Harwick.

The one in her left hand was much shorter:

My dear Boy:

Come.

With love,

Elizabeth.

Slowly with a tear for one, and a Kiss for the other, she put them in their envelopes.

I told you before that Elizabeth confided in no one. She didn't confide in me, so I do not know which letter went into which envelope. Do you?

Virginia Foulk, '08.

My Different Girls

(Composed by Barnhart, and dedicated to himself.)

Now people listen, one and all
A story I'll tell to you,
About the different girls I have;
For of ladies I have a few.

First, there is the one who talks so sweet,
The brightest and wittiest of all
I am sure one couldn't help liking her;
The one on whom I call.

Then, there is the one so full of life,
So jolly and gay, you know.
I really believe I'm in love with her,
The one I take to the show.

And now comes one that I tell you true,
Makes my heart beat fast by her glances;
A waltz with her seems heaven on earth,
The girl I take to the dances.

Now there is another, a dear little girl,
I dream of her every night,
Her sweet face haunts me all the day,
The girl to whom I write.

And when all these girls go back on me,
And leave me right in the lurch,
I always have one to love me still,
The girl that I take to church.

Now people, all, both foolish and wise,
I want your opinion true,
When I have so many to chose from
I really can't choose. Could you?

The Legend of Cheat View

It was in springtime; the trees were covered with shining green leaves; the woods were filled with the fragrance of wild flowers; birds were twittering in every bush and tree, and all nature was bright and beautiful. Two Indian lovers were strolling slowly through the woods from the village, down the steep hill-side to where a large rock jutted out over the Valley. They came to a sort of level place and passing across this, through the thick trees and underbrush, came abruptly out on that large rock known as Pisquaowa, or the look across the river.

They seated themselves on the rock and gazed out over the scene before them. Far below, like a tiny rivulet, the Chatouka, or Cheat River, was flowing along and the sound of its waters, darting among the rocks came up to them like the sound of far off laughter. On each side of the Chatouka the mountains rose straight from the river, to the height of several hundred feet, and were covered with dense forests of green, broken at intervals by the white crest of an out-cropping cliff or the gay colors of some blossoming tree. The declining sun cast its yellow rays over the whole valley and gave to everything a sort of golden tint that added still more to the enchantment of the scene.

"It seems as if the Great Spirit must have put all of his best work on this Valley," remarked the youth, solemnly.

"Yes," answered the girl, "and then, just gave us this setting of the sun, to show that he could make it still more beautiful."

The sun slowly sank and the gorgeous after-glow spread over the hills and lighted the dark river, till it glowed like a molten stream. Still the lovers sat and mused; still they spoke of the goodness of the Great Spirit in giving them this earthly paradise for their home.

The beating of the war-drum in the village called them back to earth.

"The war-drum is calling to me, Jasowala" said the young man. "It calls to me to say that on the morrow I must go away. Go to fight the great Ogoheewa, the great White Day. He has hunted in our forests, left the forests of his tribe and invaded the hunting grounds of the Chatouka's. Come to catch our beavers and our deer. But we will make him sorry for it, make him curse the day he crossed the path of old Manaquija, our great chief. The war party sets out tomorrow and I must go, and leave you. We will not all come back; and I want your promise that, should I fall before the arrow or the tomahawk of one of White Day's braves, you will never wed another, but will join me in the " Happy Hunting Ground" where we shall dwell forever."

"Oh, Nautika," said the maiden, "Do not say such words of terror. You shall not go and leave me here".

"Yes, but I must. Give me your promise. Say you'll meet me in the land of the Manitou".

"But you will come back to me; no one of Ogoheewa's tribe shall kill you. It would leave me broken hearted; not to think of seeing you, not to dream of ever being near

you. You can have my promise, truly. I will never wed another."

"Swear it by the river, yonder. Swear you'll ever be true to me", persisted the lover.

So the maiden promised; and they went back to the village together; he full of hopes to do brave deeds in the coming war, she full of sorrow at the parting.

Early next morning the war canoes set out; floated down the dark Chatouka, paddled up the broad Monongahela and then on up the clear waters of the White Day.

The summer passed and the squaws and children of the tribe of the Chatouka's waited for some news of the war party. Autumn came and the winds and frosts had turned the bright green of the trees to a gorgeous profusion of brilliant red and gold and yellow. On one evening in October the canoes came up the river and the warriors had returned. They landed and came up the hillside to the village. But Nautika was not with them and Jasowala, sad and tearful, listened with an aching heart while the old Manaquija told the story of the battle, told how the Chatouka's had defeated the warriors of the White Day.

"Listen now, my people", said the old man, as they sat around the camp-fire, "Listen and you shall hear of the death of Navtika, the bravest warrior of the tribe. Ogoheewa, sly and crafty, had entrapped us in an ambush. All our braves were panic stricken and were just about to run for their canoes, when Navtika rushed into the middle of the fight. All alone he ran forward towards Ogoheewa's battle line, arrows fell in showers about him, but he charged into the middle of the line. He swung his tomahawk about him and before he fell wounded, he had slain Ogoheewa's son. This seemed to give our braves fresh courage and they fought hard and put the tribe of the White Days to rout. When Ogoheewa had retreated we went up to find Navtika; he was lying dead beside the chieftain he had killed".

Jasowala could not bear to see the celebration of the victory, bought so dearly. She quietly slipped away and wandered down to the great rock, Pisquaowa. There she sat the whole night long, grieving for her lover, for the brave she would never see again. The sun rose and still she sat there, sat there all throughout the day; dreaming of the happy days that they had spent there, dreaming of the lost Navtika. And the sight of the river brought back to her the remembrance of her promise, her vow to meet him in the great Hereafter.

Evening came and the sun-set flooded the mountains with a wonderful crimson light. She seemed to hear Navtika calling to her, calling to her everywhere. Every sound of earth was to the maiden the voice of her lover calling. The evening breeze in the forest spoke her name, "Jasowala". The river whispered "Jasowala, darling, come to me". Navtika was calling to her, asking her to join him in the Spirit Land.

She arose and walked to the edge of the rock; there two hundred feet below her were the jagged boulders which had fallen at the base of the cliff. She looked down; in the deepening shadows, there below she saw Navtika. He beckoned to her, and a bird down in the forest called "Jasowala". She stretched out her arms. "Navtika, Navtika, I am coming". And she leaped to join her lover in the "Happy Hunting Grounds".

J. W. M.

An Italian Romance

Several years ago, while traveling in Italy, I came, just about sunset, to the little City of Villonia. Almost all Italian towns, of any size, have some tradition or building, which is of interest to the traveler. A short distance from Villonia, so my guide-book informed me, there was a very interesting old castle.

The night was clear and the full moon shone as it shines nowhere but in Italy. After I had eaten a good supper in the little old-fashioned inn, I decided that I would like to visit the old castle and view the ruins by moonlight. I had a great deal of trouble finding a man who would act as guide; everybody seemed to have some dread of going to the castle at night. But, finally, a young man, tempted by the gold piece I offered, agreed to conduct me to it and relate the history of the ancient building.

The castle stood on a high promontory, a half mile, perhaps, from the village, overlooking the Mediterranean Sea. The roof had long since fallen away, and the white stone walls, glistening in the silver light of the moon, looked the mere spectre of the once solid masonry. At the ends of one of the walls, rose tall turrets, like twin giants standing guard over the ancient pride of the family which once dwelt within this noble edifice. Pointing to a window in one of these towers, my guide said:

"Do you see that window yonder?"

I nodded in assent.

"The daughter of the noble, who lived in this castle, was imprisoned in that room and died there".

I begged him to relate the story, and after we had seated ourselves on a fallen pillar, he told me the following legend:

The Monticola

"Many years ago, Selanino, the noble who owned this castle, was the ruler of the town of Villonia. He had a daughter, Lucretia, who was noted, far and near as one of the most beautiful girls in all Italy; her complexion was of the richest olive, and her eyes and her hair as black as the darkest shadow, but her disposition as bright as yonder moon.

"Now, Lucretia's father had decided that she should marry the son of a neighboring noble, but the girl herself desired to wed a poor young villager. Lucretia's tears and entreaties were all in vain, her father would not listen to her marrying any except the young man he had selected to be her husband. Her father raged and entreated, threatened and cajoled; finally thinking thus to break his daughter of her stubborn disobedience he imprisoned the girl in the upper room in the tower, which I have pointed out to you.

"This method of bringing the girl into submission, however, proved unsuccessful; for if she was at most times bright and cheery, she could also display, on occasions, a will as strong as that of her father's. So the girl held out against her parent for three long years, declaring again, and again, that she would die in this lonely tower, rather than marry any but the man of her choice. Her lover proved worthy of her, also, for, every night, he would come and stand beneath her window, and on moonlit nights,

such as this one, for hours, he would sit here and sing love songs to the accompaniment of a tinkling mandolin. The family lived in another part of the castle, and so these nightly visits of Lucretia's lover were known only to herself.

"On one beautiful night, just about like this, while the young man was singing to his sweetheart, her father discovered him. Selanino was so angered, to think that her lover would dare to enter the castle gardens and attempt to see the girl, that he drew his sword, and, rushing forward, killed the young man by a single thrust.

"The young lady, looking out of her prison window, saw her lover murdered and, uttering one wild shriek, she fell back on the floor of her cell—dead.

"And now, Signor, on moonlight nights, so the story goes, the spirit of the lover comes back from the other world and, standing beneath yonder window, plays a soft serenade to his spirit-sweetheart, who can be seen looking out between the bars of her lonely prison".

Perhaps it was the surroundings; perhaps it was the awed tone of the speaker's voice, but this strange story told in the beautiful Italian language took a wonderful hold on me. Informing my guide that I could find my way back to the village, alone, and thanking him for the story, I dismissed him. I lighted a cigar and soon was lost in meditation of the story and the beautiful scene stretched out before me.

The sense-stealing aroma of my cigar, the distance roaring of the breakers on the beach, far below me, and the subtle sweetness of the cool night air, all combined to act upon my senses like a powerful narcotic, and I fell asleep. It may have been a dream, or it may have been the tinkling of a bell on some distant hill, but I was awakened by the sound of a mandolin, played as nobody ever heard one played before. Unearthly music beyond description! The player seemed to put into the soft chords all the feelings and emotions of an entire life-time. And as I sat, in that semi-conscious condition, half asleep, half awake, I looked up and could have sworn that I saw the beautiful Lucretia at the tower window and her faithful lover standing on the ground below.

I threw off this drowsiness and struggled to my feet. My cigar had gone out, and as I threw away the stump and started back to the village, the clocks were striking the hour of twelve.

BILL '07.

What They Are Doing

Mugsie's in her bedroom playing Solitaire;
Brownie's always with her making her play fair.
Helen's eating, eating, everything in sight,
Della's in the parlor entertaining her Sevite.
Mary Dot is busy making lassos of her eyes.
Miller's sleeping sleeping, snoring for a prize;
Tildy's giggling Winnie's phoning—to the only one
Reny's at a Freshman meeting hasn't missed a single one.
Judie's working—very busy—singing in the chapel choir,
Nellie Jane defends her fellow with an eloquence of fire.
Gussie's warbling melodies—Oh, may they all be brief,
And Blake is out awalking with the editor-in-chief.

"THE LIBRARY GIRL" [how she Studies.]
Boos from Liza
I'A MAN.

A Prophecy Which Is Being Fulfilled

Come near ye nations to hear: and hearken ye people: let the earth hear what shall come to pass in the year a thousand and nine times a hundred and six years thereafter.

In that year many shall hear of the town which is being called Morgan—which being interpreted means the place of the pony—and to that city there shall come from the Hills of Greenbeith many ones like unto the hills of their fathers, for in that day the grasshopper shall be a burden to the multitude of those who dwell on the farms round about. The long locks of these shall come with them and their eyes shall be as the eyes of the owles in the cedars of Greenbeith; for to these tenderlings, snatched from their mother's brests, the Place of the Pony shall be as a place of many headed wild beasts. The names of these shall be called Preps which meaneth those of tender feet. Over these shall be a ruler of iron whom they shall fear as the would an eagle with a beak of a ship. His bald head shall be a sign to that unless they labor and are heavy laden their records shall be barren even as his mighty head is barren. Woe to those that cometh down from Greenbeith to be oppressed by him whose name is the name of many mules.

In that year many sons and daughters of the tribes of Fresibites and Sopholites shall be in this same city of much learning. The Freshibites, which are "those without the salt of wisdom" shall wax strong in wars with the Sopholites or "those of the swelled skull". The walls of the city shall bear their inscriptions, yea, the doors of the temples shall show forth their blasphemous handiwork. Passersby shall read their threatenings by the way side and shall wag their heads and cry aloud, "Surely wisdom shall be without a dwelling place till the coming of those from Greenbeith; for these spend their days and nights in foolish sayings. They harden their necks with stiff bindings and swell their heads up having nothing wherewith to fill the vacancy thereof."

Hearken, for in that year wisdom shall build her a house in that city. She shall cry from the highest places and forty and four from the tribe of Junite shall hear her voice and shall enter in and dwell with her. Contentions shall not be in their councils save when those of the nimble feet shall arise and say, "Let us go out into the byways and hedges and compel the sons and daughters of Senorite to come in to make merry with us until the morning." Then those of the grave faces shall cry out vehemently against this saying. The seven pillars shall be made to shake with contentions. Then Wisdom shall arise in their midst and shall entreat them saying, "Let the tribe of Senorite come in and make merry; for their bones wax old and their spirits droop as do the leaves of the bay tree when the storm cometh. Let the time to the eleventh hour be for those of the grave faces and let those of the nimble feet dance to the music of stringed instruments till the second crowing of the cock." And so it shall be decreed.

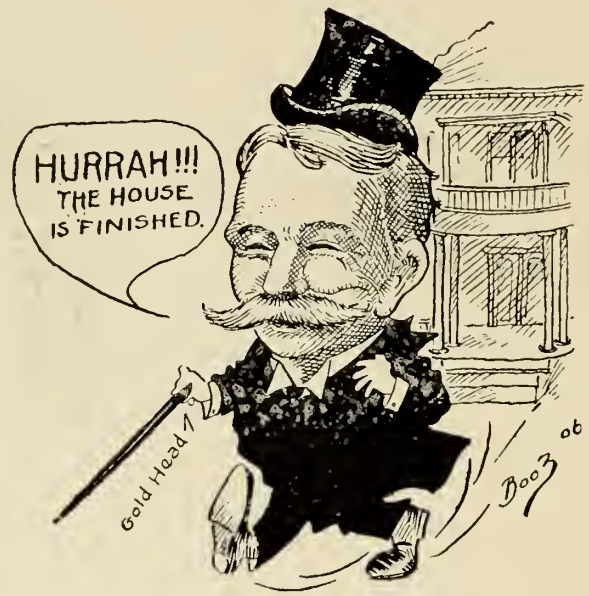
In that year of strange happenings the tribe of Senorite shall tremble as an aspen leaf; for the places of their tents shall be made desolate by the young and mighty and

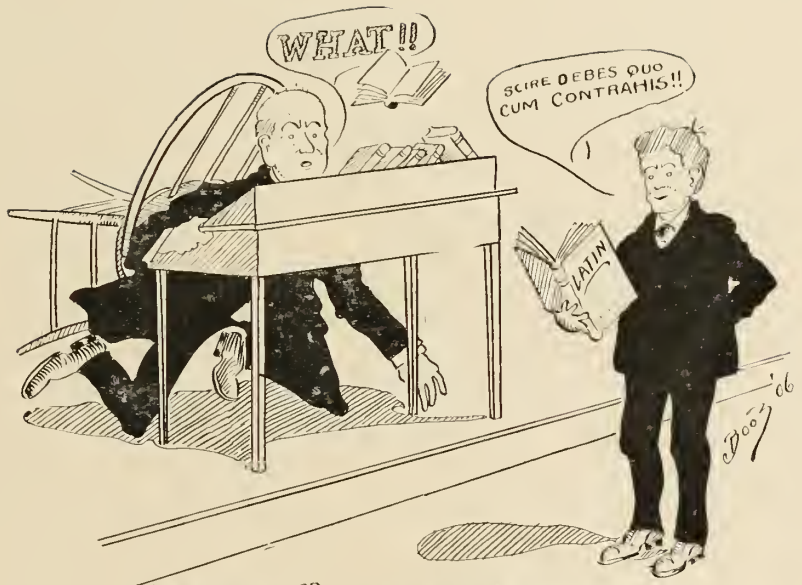
there shall be for them no safe dwelling place. In the sixth month of the year and the eighth and twentieth day of the month, they shall depart as an old man departeth from the multitude. Their book shall be sealed and their name shall be heard no more.

Divers strange and wise ones shall be placed over these Tribes. Some shall have limbs like unto reeds by the rivers; and some shall have bodies like unto the whales of the sea. In that memorable year many of these wise men shall turn their beards into plow shares and their coat-tails into pruning hooks.

In the same year a mighty one shall move down from the mountains of the South to rule over the tribes in the valley. In his hand shall be a staff with a head of gold and many shall marvel at the size of his sceptre for his ruling shall be as a shepherd.

The Monticola





"JACK" Gets a SHOCK!

Une petite comedie francaise

Personnages.

M. le Professeur B——. (qui tient dans ses bras du pain qu'il vient d'acheter.)

Monsieur H——. La scene est sur le pont a "South Park."

Prof. B——. "Je vous dis, Monsieur, que——" (il laisse tomber son pain.)

M. H.——. (avec un tres grand salut) "Permettex ?moi d'avoir le plaisir de vous rendre votre pain."

Prof. B——. "Merci, Monsieur. Come je vous aid dit——" (il laissee tomber de nouveau son pain.)

M. H——. (avec un grand salut) "Permettez-moi de vous rendre votre pain."

Prof. B——. "Merci, Monsieur. Je pense——" (encore une fois, il laisse tomber son pain.)

M. H——. (avec un salut) "Voici votre pain."

Prof. B——. "Merci, Monsieur. Ne pensez-vous pas que ——" (pour la quatrieme fois, il laisse tomber son pain.)

M. H——. (il releve le pain et il le jete par le cote du pont) "DAMN THAT BREAD."

YWCA

Calendar

SEPTEMBER.

25. New students begin to show themselves. Groninger registers.
26. More Preps come in. Jim Gibson comes back to see the town?
27. Last call for registration. Big rush at registrars office after arrival of 3:30 train.
28. First day of school. Boys begin to "make eyes" at the new co-eds.
29. Pat assigns in rhetoric I. "How it Happened that I came to College."
30. W. V. U. 0; Westminster 16.

OCTOBER.

1. New students go to church; old ones to Cheat.
2. The Frats begin to do a rushing business.
3. Groninger goes to class for first time.
4. M. E. Conference in full blast. Many students attend (? ? ?)
5.
6. Athletic mass meeting. Lots of enthusiasm. The Athletic Association raises $400.00.
7. W. V. U. 12; California 0. Nightshirt parade. Everybody takes a free (??) street car ride.
8. Rev. Buchanan says that the W. V. U. is nothing but a big dancing academy. Yeardley can't see why he has never learned to dance.
9. Sophomores post notices and Freshmen tear them down before daylight. Rumors of an attempt to burn down the old Hick-house.
10. Sophomores again try to put up notices. '09 appears on the observatory. Numerous fights to-day and class rush to-night.
11. The clothing business picks up.
12. Junior election.
13. "Red" Stont in town. It has been learned from reliable sources that he is not contemplating re-entering school.
14. W. V. U. 28; Ohio University 0. First armory dance.
15. Dr. Compston preaches against dancing.
16. Simeon Smith reads his class a story.
17.
18. Scrubs score on Varsity. Carman knocks.
19. Carl Colcord is seen on the street without Ned.
20. Class officers' day. Class officers give little speeches to their students. Quite a popular institution because it gives a half holiday.
21. W. V. U. 46; Bethany 0. Sweeney Fleming misses his weekly visit to Morgantown.
22. Dick Price goes to church.
23. Mandolin Club rehearsal. Duval takes a chew.
24. Law school holds a jubilee. Riley makes a speech.
25. Dayton gets in a hurry.
26. Φ K Σ ination.
27. Dance at Arthurdale.
28. Armory dance. Small attendance probably due to Father Khuser's influence.
29.
30. Dr. Callahan's class "cuts."

31. Monticola board announced. Hallowe'en. Nuf ced.

NOVEMBER.

1. Clarke Hinman's vaudeville. "Lizzie" Ramage makes a big hit.
2. Coach Forkum fires Yeardley from the field; he evidently does not appreciate the importance of Prep's performance in the vaudeville stunts.
3. Pritchard goes over to Huntington after Kentucky State. After their gate receipts and uniforms are attached, Kentucky decides to come over and play us.
4. W. V. U. 45; Kentucky State 0. Large score probably due to fact that this is a dry town.
5.
6. Mechanical Hall steps washed and engineering professors get new chairs. "Sport" says something is going to happen.
7. Cadets wear their new uniforms to school, and get struck on all the girls.
8. Skeletons found on State Farm. Big murder mystery.
9. Dr. Kortright gives an examination in organic chemistry. Average grade 53 per cent.
10. Murder mystery cleared up through efforts of Detective Simpson. The skeletons were only the remains of some bricks.
11. California 17; W. V. U. 0.
12.
13. "Fortune Teller" plays here. Since "Red" is not in town the company is not given any dance this year.
14. 1. a. m. 75 students, 1 horse and wagon, and 3 wheelbarrows, working in unison make a move towards clean athletics.
15. Jim Groninger comes out for quarter-back and gets a big rosete up.
16. Al Cheney is seen to laugh.
17. Dayton starts maping out his military ball program.
18. W. V. U. 24; Bethany 0. Armory dance—superfluity of chaperones due to the fact that there were none at the last armory dance.
20. Library officially adopted as a general loafing and trysting place.
21. Charley Peddicord is very busy.
22. Dr. Maxey fails to get off a joke in one of his classes to-day. Later: Dr. Maxey confesses that he is not feeling well.
23. Team leaves for State College.
24. W. V. U. 0; Penn. State 6.
25. Team returns. A great big thuse held and all the members of the team make speeches. Yeardley says he had a good time.
26. Nelse Duval acts as butler at Woman's Hall.
27. Marietta trip proposed.
29. The foot-ball team go to working on the rail road but are replaced by Dagoes.
30. W. V. U. 17; Marietta 6. A crowd of rooters go over to see the game.

DECEMBER.

1. Nothin' doin'. Holiday. Those who went to Marietta are glad there is no school.
2. Post just wakes up and inquires, "Have we passed Fairmont yet?"
3. Prof. Douthat explains one of Dr. Maxey's puns to Dr. Cox.
4. Boys begin to cram for exams.
5. The Freshmen issue posters against the Sophomores.

7. Cecil Anstin engages in a pillow fight at the Peabody.
8. Y. M. C. A. Convention on. Coeds entertain visitors but forget to introduce the boys.
10. Y. M. C. A. Convention ends. Coeds "don't think much of those visiting girls any way." The fellows do.
11. The boys all sleepy in class—got up too early to see the girls off on the six o'clock train.
12. Simmons whitewashes his red sweater.
13. Joke editor receives a contribution!
14. Stathers elected football manager for 1906.
15. Last day of school for fall quarter.
16. Wishing to get an early start, Prof. Hare holds Latin exams.
17. Nobody at church. Too near examinations.
18. "A horse! A horse! My kingdom for a horse."
19. "How are the mighty fallen."
20. "It's all over now." "We're going home."
21. All is quiet, nothing is to be heard anywhere around the university, except, from the registrars office comes the sound of a pen gliding over paper; "Jack" is making out our reports.

DEC. 22—JAN. 3

VACATION TIME.

JANUARY.

1. The boys are still at home, most of them make New Year's calls and some feel very good and happy.
2. A few come back to Morgantown. New Year's resolutions broken.
3. Registration day. Miss Neal—"Say Professor, what makes you wear that little white cap?"
4. First recitations for the winter quarter. Dick Price does not go to see Jane to-night. Says he has to study this term.
5. Dick decides it don't pay to work.
7. Caroline gets a new man.
8. Prof. Patterson thinks he will have to put out "Standing Room Only" sign if anybody else enters Rhetoric II.
9. First snow of the season Φ Ψ 'S give a sledding party.
10. There was some talk of a Freshman—Sophomore snow ball battle to-day, but it developes that "there air no Sophs" when it comes to fighting.
11. Hugh Sam Byrer gives a dance in Β Θ Π Hall.
12. Armory dance postponed.
13. Dance postponed again. Soiree by French Club.
15. French lecture by M. Tiersat.
17. J. A. Gist plays set-back.
18. Major Burns gives another lecture.
19. Initiation night, Δ Τ Δ, Σ Χ, Β Θ Π initiate.
20. Armory dance, large attendance.
21. Sunday. No one preaches on dancing!
22. Prep. Chemistry class tries to blow up laboratory.
23. Mountain initiates.
24. Big scandal. Lizzie Ramage is reported smoking a cigarette on campus.
25. Monticola Board entertained at Miss Burns'. Energy Mason's German solos much enjoyed.
26. Athletic election. Great excitement. Many proxies. Meeting slightly delayed by being prorogued by Prepy. Dean Spence gets mad.
27. W. V. U. 42; Wilmerding Y. M. C. A. 13, at Basketball Freshmen 12; Juniors 9.
28. Sunday. Young goes to Fairmont.
29. Dreadfully dull.

30. Girls raise rough house in library; boys cannot study.

FEBRUARY.

1. Junior Class meeting. Prom discussed. In absence of Father Kluser, Brake talks on dancing.
2. Kappa Delta's go to Fairmont. Big banquet and reception.
   Military ball programs started in earnest.
3. Armory Dance & Downs plays hide-and-seek in Armory
4. Kappa Delta's return.
5. "Have you got your military ball program filled?"
6. Monticola joke box officially adopted by Campus Class as waste basket.
7. Kenna and Simmons advertise for girls to take to the military ball.
9. F R A N C E—Strange signs appear.
10. Gymnasium exhibit; Chez happy; tells everyone how he does everything; President's reception.
12. Dr. Seaver lectures on physical culture.
13. Visitors begin to arrive for Military Ball.
14. Clara Smith gives big dance.
15. Advance sale for "Ben Greet;" "No the tall man selling tickets at the Acme was not Ben Greet."
16. "Paulina"—Comic opera by Professor Thompson and others.
17. Corn-meal dance.
19. "Twelfth night" Ben Greet.
20. "Macbeth."
21. Prexy sends out invitations to stay away from Military Ball.
22. M I L I T A R Y B A L L .
23. Law students give Professors a holiday.
24. Guests go home. Everybody goes to bed.
25. Large attendance at church. Disappointment; no one preaches on Military Ball.
26. Work once more.
27. French Club bakes pancakes; celebrating Mardi Gras.
28. Lent begins; McQuilken gives up cards and cigarettes.

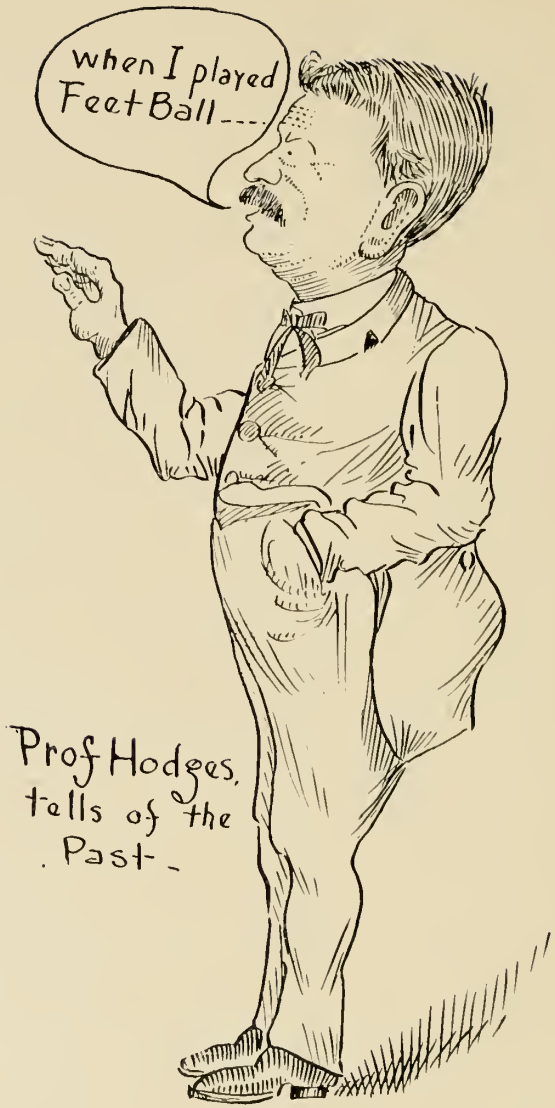
MARCH.

1. Dan Dawson goes to class.
2. Professor Willey calls boys fools; great depression of spirits noticed.
8. Cuspidors ordered for law school; Mail Pouch advances two points.
15. Big snow-ball fight; Porter Post and Dick Simmons the heroes.
16. The clock strikes every hour correctly today.
23. First practice base ball game; 'Varsity beats scrubs after a hard game.
24. Snow four inches deep.
26. New Theatre opens; law students adopt honor system; some one says something about honor among thieves.
27. Exams begin.
28. Last day of Exams; base ball team starts on southern trip.
31. W. V. U 5; V. M. I. 4.

APRIL.

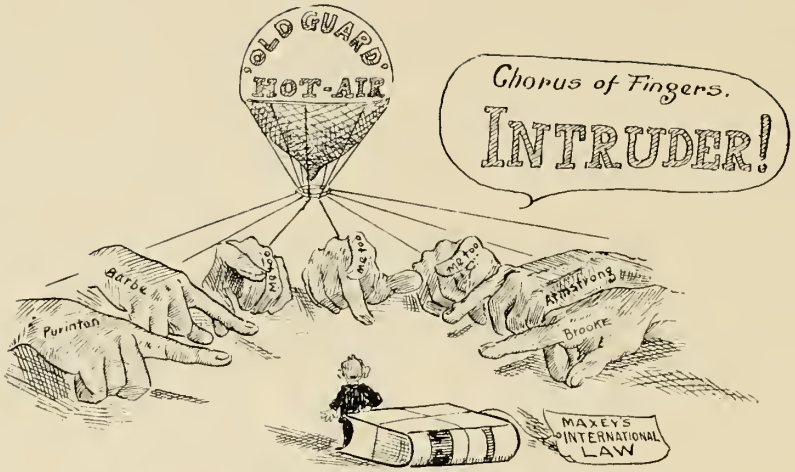
2. W. V. U. 7; W. & L. 1.
3. Registration Day; W. V. U. 14; Woodberry Forrest 7; Glee Club goes away; Ellison happy.
4. W. V. U. 5; Naval Academy 11.
5. W. V. U. 2; St. John's 3; tough luck!
6. Miss Chorpening breaks into Rose's heart.
7. Sammy Brown leaves that old red overcoat at home; Lough buys a straw hat on the strength of this.
8. Rose appears to be hard hit.
9. Track team begins to limber up; Shull talks of entering mile; others look sick.

10. Sun comes out and does his best to overcome blunders of those who drained (?) athletic field.
13. Wheeling here to play base ball; big crowd; lots of excitement; fast ball; score 'Varsity 1; Wheeling 0.
14. Rain, rain, rain; no game; Wheeling goes home; Kappa Delta's receive at President's home in honor of Mrs. Griffith.
15. Easter Sunday; new hats? Well, say! Cold as can be but lots of white dresses.
16.



Schedule at Woman's Hall

From half past nine till half past ten,
Woman's Hall has quiet been.
Then Arthur, coolly cuts a class,
Walks home with Nell, his bonnie lass;
Twelve o'clock and sure as fate,
In Cad and Smith perambulate.
At one P. M. and on till four,
Peace reigns in Woman's Hall once more.
Then lookout for a merry din,
As Della and Levi Shuffle in.
For half an hour they'd make you sick!
Helen rushes in with Pick.
Then Richard Price and Jennie Mae
Toddle in and there they stay.
Supper time—nothing greater,
Exit gentlemen—"See you later."
Kimono parade begins at six—
Gee! it is an awful mix—
Sixty-forty-five, the calls begin,
Waggener prompt comes rolling in.
Shaffer wanders in at eight;
Waggener leaves—but not too late;
For Alderson meanders in
And takes his place—Oh what a sin!
Nine, and Arthur's strictly in it
To see his Nellie "just a minute."
Ten thirty—the bell—exit men.
"Good night, gentlemen, call again."



PURE JEALOUSY.!!!

[NO OTHER VALID REASON]

Parts of a Dictionary of West Virginia University

Annual Inspection—The time Major Burns gets scared.
Armory—A dance-hall.
Athletic Field—A duck-puddle.
Cadet—From "cad" and the dimunitive "et." A little cad. One who thinks himself very important.
Cheat—An elysium known only to the chosen few. A place to get lost.
Co-education—One of the blessings accompanying higher education in West Virginia.
Flunk—The name applied to the familiar process of giving a student below sixty per cent. See Foxy.
Football—A rough, brutal game once indulged in but n w fast disappearing owing to Faculty supervision.
Fort—A place where beans are stored away.
Freshman—The lowest form of college man.
Grind—One who lets studies interfere with his college education.
Gymnasium—A skin game (one dollar gym. fee).
Hic Jacet—A coat worn in the anatomical laboratory.
Hic—A dead person; used by medics for dissecting, throwing and other useful pastimes.
Honor System—A method by which all the members of a class may cheat at once without fear of detection. See Junior Law Class.
Janitor—A loafer; one who does not look after the comfort or convenience of the occupants of the University buildings.
Laboratory—A loafing place.
Law School—A body of unruly students who are studying the principals of law and order.
Library—A match factory.
Military Ball—An annual festival occurring about February 22, and celebrated by a general drinking bout.
Pun—A murdered English sentence. See Moxey.
Rat—A young cadet.
Snap—See Cox, Foxy, and Jack.
Special—One who has too much pride to be a "Prep" and too little learning to be a collegian.

A Freshman once tried to propose,
But knelt on the young lady's toes
He hurt her pet corn,
Wished he'd never been born,
For she landed square on his nose.

While Walking Down Street.

V-r-g-n-a "Professor Baumgardner, when you are out of the class room you are just like a "Prep!"

Abou Prep Yeardley

Abou Prep Yeardley, may his tribe decrease,
Awoke one night from a deep dream of peace,
And gazing round the room with frenzied look,
Saw Jack Hare writing in a tiny book.
Exceeding nerve had made Prep Yeardley bold
And out he spake with voice and manner cold:
"What scribblest thou?" The vision raised its head,
And with a look of awful grandeur said:
"The names of those who always pass ace high,
No flunker can his name herein descry."
"And is my name there Jack now do you think?"
"If so 'tis written with invis'ble ink."
Prep Yeardley hung his head in deep remorse
"Then write me as a lover of the horse."

* * * * * * * * * *

The vision came again and Prep awoke
And to the writing ghost he boldly spoke:
"What writing yet? What is thy labor now?
I never saw a man write more than thou."
Jack Hare held up a book of ponderous weight
"A list of flunkers—average thirty-eight."
The ghost read out the list at Prep's behest
And lo, Prep Yeardley's name led all the rest.
Prep Yeardley said: "I'm glad of this night-mare
Exams are on I'll use this horse, Jack Hare."

How Would You Like To Be:

Jane if the draymen struck?

Or Winnie if the telephone wires broke?

Or Margaret if her schedule got mixed?

Or Bertha if even malted milk fails?

Or Helen and Mary if there's nothing more to eat?

Or Nellie Jane when Arthur want's to see her "just five minutes?"

Or bear the strain of the upstairs railing when the bell rings?--

When Henderson Roots

The noise of a barnyard, the clanjor of arms,
The rattle of ten thousand early alarms,
The shrieks of the winds in the wintery gales,
The beat of the swift flying wheels on the rails,
The roars of a foghorn as loudly it toots,
Seem only like whispers
When Henderson roots.

II.

The roars of Niagara, the brays of a mule,
The wails that come forth from our own musie school,
A show-boat's ealliope raising a din,
Castoria infants a-crying like sin,
The booms of a eannon as loudly it shoots
Seem only like silenee
When Henderson roots.

III.

A throat made of Bess'mer; a sea might rejoice
To be the possessor of such a strong voiee.
Whenever it sounds all nature does shake
The sea groweth restless, the mountains do quake;
All other must stop whenever he hoots,
They're only as dummies
When Henderson roots.

Juniors A. B. C.

A is for Arnold, who works when he can,
B is for Brake a very good man,
C is Jim Callison, our president true,
D is for Dayton who dances a few,
E is Miss Edwards, a society belle—
F is for Foulk who works to beat h——
G is for Green, a studeous child
H is for Hereford whose writing is wild.
I that is IT—the Seniors you know
J is the Junior, a class that's not slow
K is Kennamond, a jovial lad,
L is for Leahy; on a team he's not bad—
M is for Morris the real Junior "Sport",
N is the place we are a name short.
O also is open, if I do not mistake,
P is for Post, a wild reckless rake,
Q is for Quick, who has social "ambish"
R is Miss Rightmire, she's all one could wish,
S is for Smith, to be definite, D. C.
T is the Time that we flunk, don't you see?
U University life brings to mind,
V is the visions of times that we grind.
W for Wilkerson, a political boss,
X is Xams that makes us all cross.
Y is the "yes" that the boys like to hear
And Z is for Zero which ever we fear.

A Page of Punk Professional Puns

(*Bona Fide*)

"They shall be pun—ished for their puns"—Anomonous.

Prof. Patterson—(Criticising theme) "A college education cultivates one"—Now what does that word 'cultivate' mean? Does it not bring to your mind some sort of a 'harrowing experience?'"

Prof. Cox—(To student who has just scanned awkwardly the line "Drink, pretty creature drink")—"Doesn't it strike you that there is a long time between 'drinks?'"

Mr. Smith (criticising theme) "She was considered one of the props of the church."—"Yes but that word 'prop!' It makes one think of such a stick!"

Prof. Emory—"I deny the allegation and defy the 'allegator!'"

Dr. Maxey (At Ben Greet Performance)—"Now, if these actors should strike would they be stage-struck?"

Dr. Beziat de Bordes—(Student) "Bad weather professor we are having is it not?"

(D. B. d. B.)—"Yes it is! But we have to stand it 'weather' we like it or not!"

Prof. Neil. "Pronounce 'oi' roundly and distinctly as in oil. It just slips off your tongue as easily."

Dr. Beziat de Bordes—"It is impossible for students to do much in the spring term. They 'Cheat' too much."

Dr. Simpson—"Why would not a Prep make a good rabbit dog?"
Give it up."

Dr. S.—Because he is afraid of a Hare."

What would happen,

If Duval should forget and unbend a little?
If one of Jack's pupils should translate et tu, Brute, "Eat, you Brute"?
If Charley Ellison should quit the boarding house business?
If McQuarrie never got to be a lawyer?
If Cutright should laugh?
If Caroline Bloom should walk down street and back alone?
If the '08ers should show class strength and individuality?
If there were two libraries, one for the Co-eds and one for the rest?
If Drs. Purinton, Douthat and Reynolds (bless them!) should be as unmereiful as the other Professors?
If Quick should cut out society?
If Brake should go to a dance?
If Chauney McNeil should throw the Cadet Corps down?
If "Deak" Young should go to Fairmont and find "Dog" Snider had arrived just before him?
If Stathers should quit polities?
If Louis Carr should see 90 on his exam paper?
If Clark Hinman should announce another vaudeville?
If some mean person should tell Rueker he was not the handsomest man in the country?

O, Dei Immortales! Let leprosy, small pox, eyelones and earthquakes pour upon our devoted heads but spare us any of these real calamities!

A Few Superlatives

The wisest guy—Doc Collet.
The greatest buttiniske—Wilkerson.
The cheekiest man—McNeil.
The loudest man—Ellison.
The grouchiest man—Duval.
The jolliest man—(Exam. time when this was written.)
The biggest dude—Rucker.
"Block Bros." best customer—Mitchell.
The busiest man—Stathers.
The funniest cuss—Yeardley.
The most solemn man—Cutright.
The shortest man—Friedman.
The longest man—Riffe.
The most slender man—Reitz.
The broadest man—Jim Smith (?)
The handsomest man—(We dared not risk making 500 angry.)
Most awkward man—Williams (Levi)
The sportiest man—Morris.

Austin, Anne R.
"Oho fie upon this single life! Forego it."

In "Foxy's" Class.

Prof. S.—"How many problems were assigned for today?"

Student—"Five."

Prof. S.—"Did you get them all?"

Student—"Yes, all but four and part of another one."

IN RHETORIC II.

Professor Patterson—"Miss B. what is the meaning of behave?"

Nan—"I don't believe I know."

Prof. P.—"Well, you should learn at once."

ONE ON LAURA.

Dr. Callahan—"How many capitals has Rhode Island?"

Miss L.—"I am not sure I know."

Dr. C.—"I am not sure either; you see those of us who studied geography forty years ago have forgotten those little things."

THE MYSTERY ABOUT PROFFESSOR HOLDEN'S SOLEMNITY SOLVED.

Professor Holden (Translating passage in French) "'Hell hath no furies like a woman scorned'. Young men, if you don't know what that means you will find out some day."

Professor Beziat de Bordes had been in West Virginia University but a few weeks, when one morning he rushed excitedly into the room of another Professor and exclaimed:

"I will do eet! I'm *going* to do eet! I'm going *to do eet!*

"Why what is the matter Professor Beziat? I hope you are not going to do anything rash."

"Ah, you need not try to stop me! I'm going to do eet! Ha! yes I vill!"

"What on earth do you mean?"

"Oh, eet is mes students! They never will learn Fr-rrench! I'm going to do eet!"

"Do you intend to *flunk* them?"

"Ha! Zat is de word! I mean! I will *flonk* dem all!"

Thought it Applied.

Mr. B. (Speaking of a politician)—"And so you say that is the fellow who is light in his upper story?"
(Rucker happens to pass and overhears this. Looks angry.)

Miss Br—ke (Speaking of the poet Burns)—"Mr. Mitchell, do you like Buhns?"

Prep. Mitchell—"Yes indeed—if there's plenty of sugar on 'em."

UNIV. COUNCIL

As to Popular Airs

Did you ever notice how some one song seems to take possession of a person and how the person sing or whistles it all the time?

The following preferences have been noticed in West Virginia University:

Pritchard:
"That is How I love you Mame."

Dick Price:
"Jane, Jane, Jane."

Dayton:
"I Love Every Girl in the Wide, Wide World."

Stathers:
"I Want it All."

Winnie Macfarland:
"Won't You Fondle Me?"

Levi Williams:
"Always in the Way."

McCarthy:
"My Irish Molly—O."

Grace Biddle:
"Sammy."

Bertha Browning:
"Johnny, I'll take you."

Mason (John William Jr.)
"Josephine My Jo."

McKeel.
"My Old Kentucky Home."

Dr. Brooke:
"Stories Adam Told to Eve."

Caroline Bloom:
"I Want to be an Actor Lady."

Seniors (and McQuilken):
"Honey, Will you Miss Me When I'm Gone?"

Professor Steward's Students:
"I Can't Do That Sum."

Bruce:
"I Am Trying to Find a Sweet-heart."

Mary Purinton:
"Everybody Works But Father."

PROF. THOMPSON.
IN "GRAND OPERA.

Under The Old Chestnut Tree

Within the law school now the jokes are cracking
And chestnuts fall about us on all sides,
Doc. Maxey is his fertile brain a-wracking,
And laughter now her smiling face ne'er hides.
There is no joke which is beyond his making,
As merrily he plods his onward way,
Doc. Maxey is a wit beyond mistaking,
And if you'll look you'll find him every day.

CHORUS.

In the shade of the old chestnut tree
He is laying for you and for me.
If you ask for a joke
No sooner you're spoke
Than a roarer's forth coming to thee.
Just give him a chance and you'll see
With the goods he will there quickly be.
Just give him some chaff, and he'll soon raise a laugh
By a shake of the old chestnut tree.

To me mem'ries of old days oft recur
When father'd say, "My boy come here to me.
Be brave, my lad, you have no cause for fear—
Come recline on my paternal knee.
Don't be ashamed to turn your face away,
For this is no fit show for you to see."
And when I'd settled in the proper way,
He'd introduce me to a hick'ry tree.

CHORUS.

In the shade of the old hick'ry tree,
As I lay o'er my dear father's knee—
The words that I heard
Seemed to me quite absurd—
"My son, this hurts me worse than thee."
The hands of the old busy bee
Were never as busy as me,
As I yelled at each lick, of the old hick'ry stick,
In the shade of the old hick'ry tree.

Written to the tune of "The Shade of the Old Apple Tree" and composed by Clark Hinman and Sam B. Seay, and sung by Seay at the monster vaudeville performance given by Hinman for the benefit of the Athletic Association.

Revivals

The following revivals are looked forward to with much interest. All the stars are well known here and it is confidently expected that Swisher's theatre will be filled to its utmost capacity when they appear there.

"The Rivals" .....Stathers and Pritchard.
"Running for Office" .....Ray Neville.
"Sultan of Sulu" ....."Snakes" Wells.
"Simple Simon Simple" .....Porter Post.
"School for Scandal" .....By Woman's Hall Company.
"She Stoops to Conquer" .....Jane Hudson.
"Girl and the Bandit" .....Nellie Jane Herbert and Dayton
"Tyranny of Tears" .....Grace Biddle.
"The Office Boy" .....Doe Collet.
"The Darling of the Gods" .....Jessie Fitch.
"Strongheart" ....."Petie" Martin.
"God's Good Man" .....Dwight McQuilken.
"The Pearl and the Pumpkin" .....Winnie and Levi.
"Just out of College" .....By the Senior Class.
"Princess Chic" .....Donna Marie Roach.
"Business is Business" .....T. B. Foulk.
"Busy Izzy" .....Jack Berry.
"The Ginger-bread Man" .....Harbour Mitchell.
"Mr. Bluebeard" .....Bavsky.
"The Tattler" .....Jo Colbert.
"Camille" .....By herself.

Lost, Wants, For Sale or Exchange

WANTED—Another fellow. Levi is getting tiresome. Will exchange him for any man almost.

DELLA.

FOR SALE—I will offer for sale to the highest bidder all my formulas for compounding hash, my secrets as to the methods of collecting unpaid board bills, and full explanation as to the manner in which I hypnotised students into believing they were being fed at the Beanery. My only reason for selling is that I have all the money I can conveniently use.

ELLISON.

LOST—A button off my overcoat. As the overcoat came over in the Mayflower I value each part of it highly. Finder please return to

SAMMY BROWN.

WANTED—An engineer to drain the Varsity athletic field.

W. V. UNIVERSITY.

FOR RENT—Until after the meeting of the Board of Regents, we the undersigned will rent our pleasant smiles.

FACULTY.

WANTED—Any information regarding number of dances to be at Military ball. QUICK.

WANTED—Advice as to what I shall do with Pick when Bob Hennen comes home. HELEN DARST.

WANTED—A guardian.

WILKERSON.

The Standard of Excellence in Fountain Pens is the

Waterman's Ideal Fountain Pen

THIS Fountain Pen is conceded not only the best but the most reliable writing-tool of today. It excels in quality of material used, in perfection of workmanship, and in simplicity of construction. ∴ ∴ ∴ ∴ ∴ ∴

¶ The Ideal Clip-Cap, an exclusive feature, is a neat, permanent ornament, positively preventing your fountain pen from falling out of the pocket.

¶ Our pens furnished with every known degree of pen-nib and to suit all styles of writing: fully guaranteed, exchanges allowed.

¶ Sold by all reliable dealers.

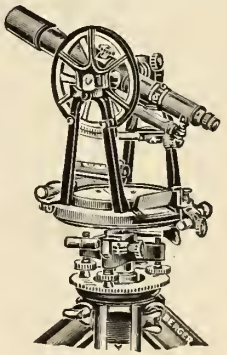
Precise Engineering and Surveying Instruments

NO. 37 WILLIAMS STREET, BOSTON, MASS.



They secure in their instruments: *Accuracy of division. Simplicity in manipulation: Lightness, combined with strength; Achromatic telescope, with high power: Steadiness of Adjustment under varying temperatures; stiffness to avoid any tremor, even in a strong wind, and thorough workmanship in every part.*

These Instruments are in general use by the U. S. Government Engineers, Geologists, and Surveyors, and the range of instruments, as made by them for River, Harbor, City, Bridge, Tunnel Railroad and Mining Engineering, as well as those made for Triangular or Topographical Work and Land Surveying, etc., etc., is larger than that of any other firm in the country. **Illustrated Manual and Catalogue sent on application**
